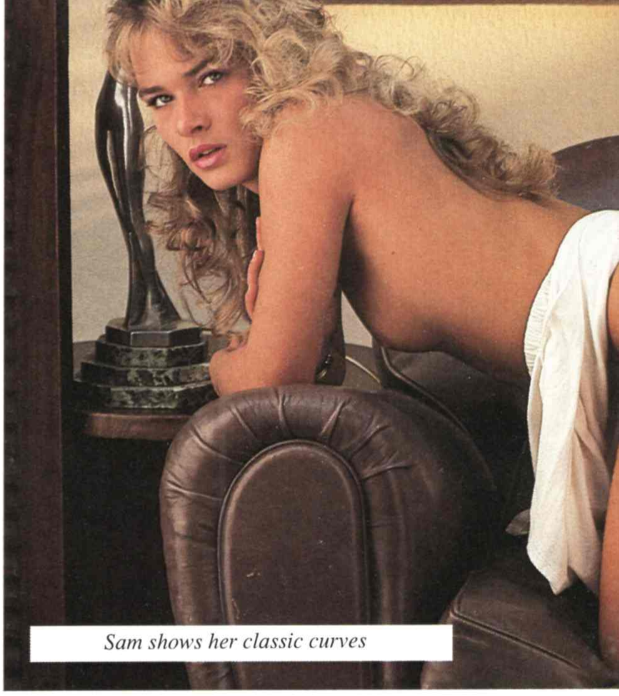
THIS · MONTH · IN · CLUB



Sam shows her classic curves

Whenever I crack my whip, Bleach jumps. That's the way I like to run things in the Editorial department. So when I suggested that this month's issue should contain bucketloads of blondes doing lots of naughty things, he was only too ready to agree.

''We want blondes in this issue, Bleach,'' I told him in no uncertain terms. ''Lots of blondes. The punters go crazy for them. They want to see them tossing those bright blonde heads at the camera. They want to see gleaming, exposed blonde pussies just sitting there waiting for their attentions. They want to be told that blondes have more fun, and they want to see the proof. In short, they want BLONDE and they want it now. So get to it before I flay you to within an inch of your miserable life.'' He looked faintly pleased at that prospect, but he got the blondes anyway.

And if you look carefully, you can definitely see that blondes do have more fun with Club. Randy Sharon was *very* eager to tell us how she got so saddle sore, and as for the bike, we don't think it'll ever be the same again. She told us she liked a good hard ride, but this is ridiculous.

Centrefold Jennifer certainly knows how to double her fun, though whether being blonde has got anything to do with it is another matter. If you're into threesomes with a naughty nympho, then turn to the centre and your dick will be in orbit.

If it's a bombshell you're after, then you couldn't do better than Paula. This blonde is beached but not bleached on page 25, and we couldn't believe some of the places where she managed to get the sand...

And of course there's everyone's favourite blonde, Andrea, as usual – this time she lives out your deepest schoolmistress fantasy. If this doesn't make you want to do extra homework, then nothing will – but Andrea's wondering just what kind of homework you've got in mind.

''Is that enough blondes for you?'' Bleach asked when he'd included Jill and Samantha into the bargain. I told him it would do, for now. I'm not going to let him get too complacent.

We know that gentlemen prefer blondes, so now we've introduced them all to you, just enjoy every pussy packed page of them. – *Dominant Dowse* ♣

COME AGAIN

the girl you've asked to see

Overwhelmingly the most popular girl in Vol 18 No 3 was Sara. There was simply no contest when it came to deciding who was making a return visit. So for all of you who wanted to see her again, she's all yours! They include John of Lyme Regis, Chris of Mirfield, Darren and Sean of Manchester, and some young men called the Senseless Things who just ''love blue-eyed blondes in high heeled boots.'' These boots were made for walking – among other things... ♣

Penny For Them

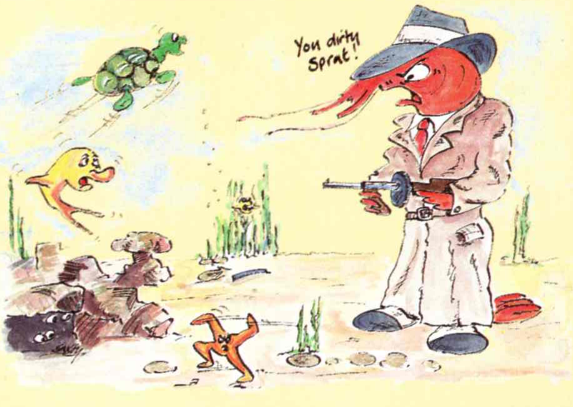
I have to write to thank you for the pictures of Penny in Vol 18 No 1. What really drove me wild were her large, red, suckable areolae. Even with Club's high standards, proud, prick-teasing areolae like this are all too rare.

Don't ask me what it is – there's something about broad, pink areolae with large, nibbly nipples that sends the spunk surging in my cock. I'd love you to feature a real close-up of Penny's tasty tits. In fact, there's one thing I have never seen in Club – and that's a girl's face and tits, squashed together. This would be life-size and I pray that one day I'll open the centrespread of Club to see a beautiful, sexy girl's face inviting me to shoot my come over her pale fleshy boobs, which have four-inch areolae of the deepest pink. A tall order? Maybe, but I know you'll do it one day!

Apart from the girls, Club easily has the horniest features of any men's mag – like *Talking Blue*, and letters which outclass anything else I've ever seen. Keep it up, and you'll keep mine up! – *Paul, Doncaster*

BAD JOKE

Q: What's pink, lives in the sea and carries a machine gun?
A: Al Caprawn.
And proving once again that the old ones are still the best *(they are? – Ed)* this month's pack of Club goodies goes to Douglas of Paignton. Hopefully that'll encourage him not to send in any more jokes of similar quality.♣



You dirty Sprat!

Bum Deal!

I continue to enjoy your magazines and enthuse about the girls and quality of the photos, but I have one complaint. You sell your bum fans short! A recent example of this was in Vol 17 No 12, where there was a photoset of the delicious Diana. She's a lovely girl, but there is really no point in getting her to spread those lovely legs if there is only a mass of black hair to be seen between them.

I can't believe she's shy! Please recall her, depilate her and get her to show us her *buttocks* as well as her pussy in front of the lens. – *Alex, London*

Selling our bum fans short?! Surely not, we think – but as we're all bum fanatics here we'll spank the Ed's backside until he puts in even more rear views!

Sporting Chances

I have never written to any sex publication before and my boyfriend would probably be cross if he found out, as he is rather embarrassed about our little secret. However the reason I am writing is that I am so hot about a photograph which has just appeared in, of all things, the *Daily Mail!* It's a full-length picture of Sharron Davies in a see-through swimming costume and the article is all about her

IN ARREARS

When presented with the beautiful bottoms shown here, eight out of ten oglers who expressed a preference said that the sight of a broad beamed backside aimed at their face was second to none.

And although the survey concluded that a poke in the whiskers is still as popular as ever, the number of people who enjoy a good grapple with a well-formed pair of bounteous buttocks like the fabulous pair you can see here is certainly on the rise.

About time too!

The shot appears natural but it is blatantly sexual with the high cut of the costume showing off her amazing firm, muscular legs. The paper was only delivered a couple of hours ago but I've come three times already just looking at it and imagining Sharron masturbating me! You see, my boyfriend and I get some of our biggest kicks from mutual masturbation – playing with ourselves while the other watches. I should point out that in no way am I a lesbian but I do get the usual fantasies about beautiful women's bodies and in the right situation perhaps I would make love with another girl – but it would have to be with someon like Sharron or Andrea Clarke.

My body is firm and tanned mainly because I am a member of a well-known

Essex ladies' athletics club and, as you perhaps have gathered, my masturbation fantasies are mainly to do with girls in their athletic or swimming gear. The Olympics last year were just brilliant for me. I have a video of Flo-Jo which is my favourite, and my boyfriend

we're sure that Sharon gets as excited as we do watching her.

In the technical world of cycling knowing what to do with all the nuts and screws can be puzzling. But for Sharon it's as easy as giving us all a hard-on. just loves to watch me wanking to it whilst I am wearing the same sort of skimpy running gear.

I start off just rubbing my thighs together gently and then freeze-frame Flo-Jo and finger myself through the flimsy material until it is wet and I have to pull the crotch to one side and just insert my finger tip for a second. And then I come – noisily! My boyfriend will have been gently wanking all this time but our rule is that he can't come until I've watched him. His favourites are girls in mutual masturbation photos or videos but lately your lovely Andrea Clarke has been getting a lot of his attention.

I see your Vera is having trouble with the Venetian blinds again!

Much as I lust after Andrea I would love to see her in a selection of sporting outfits to satisfy my pussy – it's making me wet just to think of her in running gear or a leotard. Possibly, too, a tennis skirt – another of my favourite wanks is to a Wimbledon video of Chrissie Evert. I actually went last year and my biggest thrill was to come whilst watching her legs just by subtle squeezing!

Are there any other girls out there who love fucking men but masturbating only to girls? And if Andrea wants to play games sometime . . . – *Wendy, Essex*

Fair Play

I am writing to tell you about the fun I had on New Year's Eve with your game in Vol 17 No 13. *(Better late than never. Just recovered from it, have we? – Ed).* I noticed that each time in the game rules it mentioned the player on the right, so I made sure everyone was sitting with their girlfriend to their left. To my right I made sure there was Carol, who I fancied like mad, then there was her boyfriend Paul, then Sue, then Rob and then my girlfriend Liz.

We were all very tipsy, especially the girls. We got started using coins as counters. The whole thing was hilarious. Eventually it got so Sue had to fake an orgasm. This was very funny, and Rob said he now wondered if she ever had one really.

It seemed that Rob was picking on Liz because every time he landed on a girl circle he chose her to do a forfeit. She was down to her bra and panties when the rest of us had only just removed our shoes! Then he landed on a girl circle again and I thought, ''Oh no, poor old Liz.'' Obviously he chose her again. Liz laughed and said, ''OK, here goes.'' She reached round her back and undid her bra, slowly peeling it off to reveal her lovely tits. Her nipples were very stiff which turned me on. I love to suck them when we screw. Her tits are big enough to get my cock between them so the lads couldn't take their eyes off them.

Then I landed on the St Tropez square, so I immediately said, ''Come on Carol, get your tits out.'' We hadn't any oil so we were going to pretend with cider. Carol lifted off her T-shirt to reveal two massive, gorgeous tits with big round nipples. I wet my fingers with cider and started to rub it into her nipples, which started to

O'REILLY'S BOOK OF RECORDS

Once again it's the return of that tome of the weird and wonderful, the wacky and the ***Declan O'Reilly.***

Goodness gracious, is it closing time already? And I've so much to tell you in future issues that I'll be back next month with more of the crazy records that I've come across during my travels round the world.

And here's one of the *most* bizarre I discovered. I came across it (and boy, was that painful) when I was investigating regional television stations, and it concerns the MOST TIMES THE WORDS BISCUIT TIN HAVE BEEN USED IN A TELEVISION BROADCAST. On 12th November 1976 Ranjeet Hindalia, a regional news reporter for *Look Further East*, was covering a story on the growth of the second hand scrotal sack industry in Suffolk. During the course of his report, lasting three minutes and 17 seconds, his English vocabulary was found wanting on 46 separate occasions. In each instance Ranjeet substituted the words 'biscuit tin' for every word or phrase which was causing him difficulty. More than three irate viewers telephoned the BBC to complain of his incompetence, and were told by the programme's producer that their biscuit tins would be looked into.

That sounded like a crummy problem to me. But I can bet it wasn't as tricky as the problem faced by the claimant for the record for the FURTHEST DISTANCE TRAVELLED BY A NON FARE-PAYING MARSUPIAL. In spite of his heroic efforts, the marsupial in question was sadly killed during his successful attempt at this. In June 1944, a possum nicknamed Greedy Cunt inadvertantly swallowed the contents of a helium gas canister at a fun fair in Wallaballoo. The shocked animal rose some two miles into the air and was carried a total of nearly 1500 miles by the jetstream before being goosed by a Japanese fighter pilot over Tasmania. A sad end, but a well-deserved accolade, I feel.

And there was absolutely no competition whatsoever for my last world record. The clear and outright winner of the award for the GREATEST NOSTRIL EXPANSION was Mrs Thora Sheddibbit who lived in Chorley, Lancs. At their widest points, each of her nostrils measured three feet in diameter, rising to three feet eight inches when flared. She was employed by the DHSS to sniff out dole fiddlers and uncover people who fart quietly in public libraries, but sadly she died last year after accidentally inhaling a washing machine and a Transit van. It's unlikely that this record will ever be matched.

And that brings me to the beginning of my record book for this issue, and as it's opening time I hope you will be joining me for what looks like a bumper crop of nonsense this time.♣

Dear Katie,

After seeing you in Vol 18 No 2, I've got to write to tell you of my desire to be alone with you among the rocks.

If my dreams were reality, we would be the only two on the beach, and I would be wandering naked on the rocks, and discover you sunbathing nude. The sight of your gorgeous tits and almost shaved cunt would make my tool rise to attention. After very brief introductions, you would take my shaft into your mouth and give me a fantastic blow-job. Then I would stick my tongue into your wet hole, and lick out all your love juice.

As you approach orgasm you can take no more and at the top of your voice you yell, ''Fuck me, Steve.'' Eagerly I part your legs and, pushing you on to your back, I mount you and ease my steel-hard cock into your wonderful tight cunt. As you wrap your legs around my back, I start to give you your best ever shagging, and before long I shoot a big load up you.

It would be great if this fantasy were reality. But for now, I've got your pictures in Club. – ***Steve, Mansfield***

I've been dreaming of an offer like this ever since you saw me in Club, Steve. Believe me, sitting on those rocks all by myself got me so randy it was a relief to be able to get my rocks off to your letter! – Katie

shrink and become very hard and wrinkled. She was loving it and so was I.

After a while all the girls were topless. Liz had had to drop out 'cos she was totally naked. Paul was left in his undies when Carol landed on one of the girl circles and asked him to remove them. As he did he stood up and his dick started to rise to erection. We were all pissing ourselves with laughter. He grinned and said, ''Who wants to sit on this?'' To my amazement Liz said, ''I will.''

So Liz and Paul started fucking in front of us. That was it. We all stripped off naked. I looked at Carol and just said, ''Come on then, Caz.''

Sue and Rob were already hard at it. I bent Carol over and started to screw her doggy style. I could see Paul ramming Liz on the other side of the room. It really turned me on seeing my bird getting screwed like that in front of people.

I felt myself coming and pulled out, just in time to shoot all over Carol's back and arse.

Rob then said, ''Hey Gary, want to swap?'' So I walked over to Sue and she took my cock in her mouth. I reached down and fondled her stiff-nippled tits, which were quite a size. Both Sue and Carol had much bigger tits than Liz but she didn't care. I looked over and saw her getting

fucked from behind by Paul while she sucked Rob's cock and she was loving every minute of it. Carol was on the settee fingering herself and rubbing her tits. She was obviously having an orgasm.

That New Year's Eve everyone screwed everyone. Hopefully it's the beginning of a fucking good year. – *Gary, Doncaster*

Let us know how it continues, Gary!

Jane Rides Again

I was highly flattered to read the letters in Vol 17 No 13 asking to see pictures of me. The trouble is that apart from my fulsome fanny and my bum and legs, I'm just not good looking enough for Club. My last boyfriend said that from my neck downwards I'm perfect but that the rest could do with redesigning! Apart from that I would jeopardise my job by appearing nude in a magazine.

However, I am sure the staff at Club are clever enough to reproduce deliciously to the finest detail what I said in my first letter. Funnily enough, Donna in Vol 17 No 13 would do excellently if she were to remove most of those upper pubes. She has a beautifully

I was in the Ed's office earlier this week, about the same time he blew his bonce.

"Garbonza!" he bellowed, "I've just had a letter off some bastard who thinks that when they've seen one tit they've seen them all. Don't they realise that even if you're lucky enough to get a gander at both of them, there's still a whole mountain of malleable mammary out there in Titdom just waiting to be groped?"

Being rather submissive by nature I don't think it's for me to tell anyone what to think. The best I can do is to point you all in the direction of the gazonkas on show and ask you to make your own minds up.

ASK ANDREA

YOU NAME IT,
MS CLARKE WILL DO IT!

I don't know about any of you, but I always remember my school days with great satisfaction. Honestly, the things I used to get up to at my all-girls school would have to be seen to be believed! That's why I enjoyed my schoolgirl photoset so much, which I hope you'll all remember from last year.

And that's why, when I got this suggestion from Dennis of High Wycombe I knew I had to do it. It's such a really *wicked* idea, and you all know that I love to be wicked!

Dennis wrote to me about his favourite fantasy: ''I'm a student at college, doing my degree, but I'm finding it hard to concentrate on my studies at the moment, Andrea. You see, my tutor reminds me so much of you that I have to keep leaving our tutorials to go off and wank myself almost to death in the college toilets. It's having a bad effect on my work but I love it – and I'm sure my tutor knows full well that I wank over her, and enjoys every minute of it.

''Because it's quite an old-fashioned college (obviously I can't tell you which) all the tutors wear those old style gowns and mortar boards, and in my fantasies my tutor comes into the room naked under her gown, which she opens to reveal her wonderfully firm tits and hairy pussy. She stands in front of me, teasing me by playing with herself under the gown. But as I know my tutor would never do this for me, I'm asking if you could, Andrea. It would turn me on beyond belief – and it might even help me with my studies too!''

So naturally I was all too eager to get out my gown and my cane and get them on – and off again – for you all. So I hope you're all being good boys or I could be forced to give you extra homework – or how about a bit of detention?

I'll be back next month to check on you; and I'll be doing something extra special for all the guys on HMS Amazon. I love being your ship's official pin-up, guys, so look out for me every month! ♣

ANDREA

Dear Andrea,
I am an 18-year-old chef. Could you please do a spread in chef whites? I can really imagine being turned on by your gorgeous looks and astounding body in all that white cotton. I think it would look beautiful against the crisp white, with the overall being a bit too tight and straining to the limit over your lovely boobs. I can imagine your soft blonde hair being held up under the white hat, to show off the line of your beautiful neck before you take it off and I watch your hair tumbling to your shoulders. I'd love to see that, Andrea.

There are certain reasons for this request because I once had a pleasant experience with a female chef. But I'm sure you're not interested in that! – *Alex, Wakefield*

Of course I'd be interested, Alex – that's what I'm here for, after all, to cater for your fantasies. And to get randy over them while I'm reading them, of course! I'm really dying to know what happened with you and that female chef. Did you do it in the kitchen, or somewhere else? Or did you have a food fight and end up covered in flour (or preferably, something more sticky!)? You must let me know, as I've always wondered what goes on behind the kitchen doors in all those posh restaurants!

Dear Andrea,
In Vol 18 No 1 you quote

how you love to wear tight clothes and I must admit I do get very turned on by this, especially when girls wearing tight clothes bend over and you can see their pantie line. Which brings me to my fantasy about you, Andrea.

Living in the country as I do, I often see girls out horse riding and the skin-tight riding pants they wear really do turn me on. Seeing that, topped with their other sexy riding gear and that all-important horsewhip, I end up in a total frenzy!

So often I imagine that I am walking along and hear cries of pleasure coming from a nearby stable. I rush up to see what is going on and it is you Andrea, easing out of those tight white riding pants. Then you begin rubbing that lovely pussy of yours on the outside of your black skimpy panties. You ease the crotch to one side and begin fingering yourself with cries of joy as you roll in the hay.

Next you take off your jacket and ease those silky tits of yours out of your white blouse. You are now totally unleashed from your tight clothes and begin to relax even more, and you rub your clitty up and down so fast you come in seconds.

By now I've got such a hard-on I can't stand it any more and confront you. You are very willing, so I get down and shove my tongue right up the whole length of your hole and I lick you out like you've never been licked before. Next it's your tits. I suck and chew them until they are as hard as bullets. You are begging me to fuck you, so I take you from behind – and believe me, it's that behind of yours that turns me on most, Andrea. We screw in that position for a few minutes, but then, as you are a riding mistress, you ride me, sliding up and down on my love tool. We both climax together and almost die of exhaustion after our experience.

This is my fantasy, Andrea. I'd love to see you in riding gear but in the meantime keep up the fantastic prick-draining work in Club and let's see you in more tight clothes to expose that lovely bum of yours! – *Steve, West Midlands*

I love being mounted from behind and ridden hard and fast, Steve. And the thought of those tight jodhpurs rubbing against my bare pussy as I ride has got me so excited I can hardly wait for my next riding lesson! ♣

Well, what would YOU like to see Andrea do? Write to her at Club International, 2 Archer Street, London W1V 7HE and leave the rest to us!

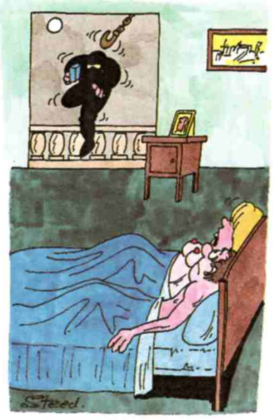
plump puss though mine is quite a bit more plump and longer.



No, it's not my husband. It's just some prat who keeps leaving sodding chocolates!

Although I can't reveal myself in the mag, what I *can* do is to elaborate on my latest exploits. Three friends of mine (all male) recently asked me to teach them how to play badminton. We used the college gym as it is unused in the evening. I turned up wearing very (you all know what I mean) tight jeans tucked into leather boots and a white t-shirt. They were already changed into their whites so I asked them to hold on while I got into mine. What they didn't yet know was that I was wearing no knickers!

First I put on my tennis skirt then started to peel off my jeans, got them to my knees and “realised” I had to get my boots off. These are tight fitting and have to be pulled off by a third party. Very convenient.

So there I was sat on the floor with eager helpers de-booting me. The look of astonished pleasure on their faces as my skirt rode up was a picture. I followed their gaze and pretended I often went knickerless but that I couldn't possibly continue as they would see my bottom as I bent over to pick up the shuttlecock. They nearly fell over themselves trying to talk me into it, saying it didn't matter.

Eventually I suggested that if they each gave a couple of quid to cancer research I would carry on. They agreed instantly so off we went. The skirt is very short and full, being pleated all the way round, so every time I moved it swirled outwards and they were able to see everything.

When we sat down for a rest I sat on the floor in front of them, and as we relaxed I opened my legs “absent mindedly”. For a few seconds I let them have a full view then rested my hand loosely over my puss to “hide” it and let my middle finger slip down between my perfect outer lips. I applied a little pressure to my clit with almost imperceptible movements – boy, did that feel good, and were they getting their money's worth!

The following week was all the same but this time I had knickers on and general disappointment was expressed when they had

Dear Gail,

You could get your luscious red lips around my horn any time you liked, but what has made me write to you is not the thought of being sucked off by you. It's just the sight of your gorgeous, perfect, exciting body in Vol 18 No 1. Everything about you has my cock twitching with excitement.

I have wanked over every single picture in your photoset separately, so perfect and arousing are your charms. You have the loveliest pussy ever to grace the pages of Club. I'd love to lick that lovely cunt, my tongue just poking into the opening between your petals. I can imagine us fucking and fucking, but I'd never have enough time or spunk to do justice to all of you. Your tits, your bum, your thighs, your face – each is worth an offering of come. I *must* see you again in Club, though I'm not sure my cock will stand the strain – but that's a risk I'm prepared to take!

Come and blow my mind and cock again

DICK!

Being a hardnosed, investigative-type mag, Club has hired a hardnosed investigator – one ***Richard Slick.*** *This month he reports on his first case: the crazed fruit sex molesters. Now read on if you dare...*

Anybody who cracks a dick joke gets their head ventilated with lead. The name's Richard. Richard Slick. And I'm a private detective. You can call me a gumshoe, you can call me a sleuth, you can call me a shamus, but anybody that calls me a private dick is a dead man. I hope that's understood. Good.

April 25th looked like being one of those days. My secretary, Gloria Bondage, called to say she wouldn't be in – she was a little tied up at home. I called up the agency for a replacement. They sent a tall, leggy blonde who was as well stacked as a supermarket shelf. She told me her name was Constance Lingus but that her friends called her Connie. I said I wasn't planning on becoming that friendly. I hoped the broad would take the hint.

That's the way I play it with dames. Indifference, they love it. I take them out for dinner. They invite me back to their place for coffee. I go to the john. When I come out they're lying naked on a rug in front of the fire. “Fuck me rigid, Richard,” they squeal. “Fuck me until my bum's numb and my legs don't work any more.”

I look down at them. I smile. Then I look at my watch. “No dice, lady,” I say, “I gotta be home by midnight. I got a date with my fist.”

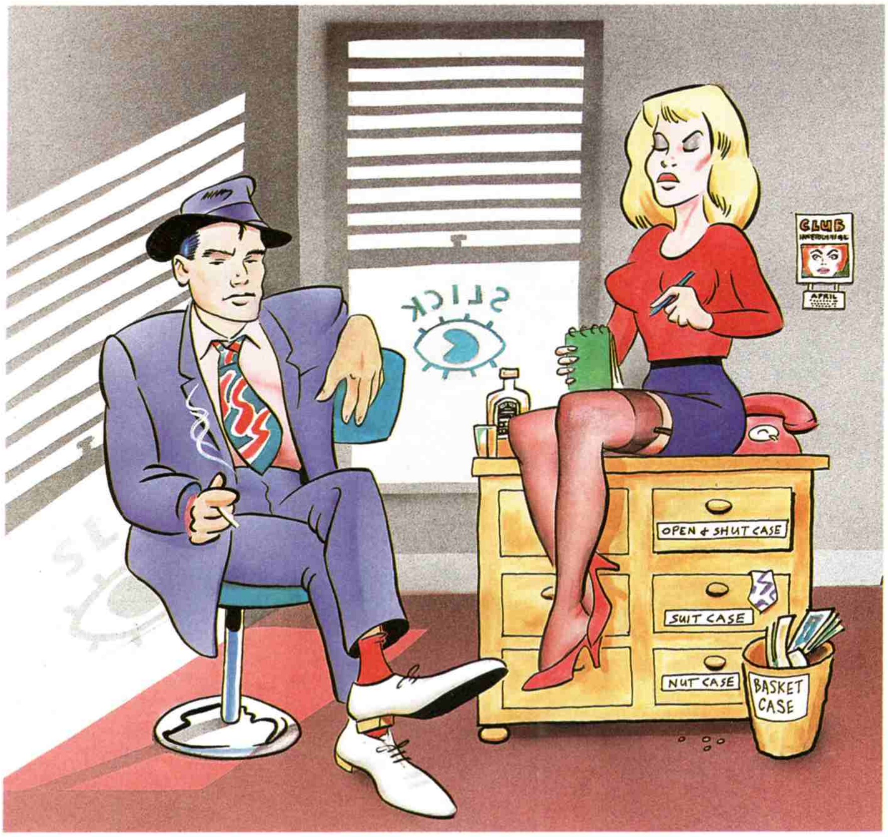
It drives them wild. And, in case you're wondering, my vision's still A1. I only bump into things because I'm clumsy.

The phone rang. It was a woman. Her voice was breathless. “You gotta come quick, Mr Slick,” she squeaked.

“Why,” I cracked, “your husband walking up the drive?”

There was silence. Then she said, “Cut the smut, shitbreath, and get your spotty ass round to Felix Feet's Supersize Fruit Store, corner of 99th Street and Acne Boulevard. We got ourselves a serious case of melon molestation going on down here.”

“Guys molesting melons,” I said. “That's not so unusual.”



soon. – *Alex, Manchester*

***I can just imagine your tongue slowly licking round the edge of my love hole, Alex – just teasing me until I'm dying for you to suck at my pussy until I come over and over. That's the way I like things to be, really wild. But of course I'd then have to give your eager cock the attention it deserves, so I'd take it all the way into my mouth and give it some of my famous suction action. Believe me, once I'd finished with you, your cock would really know it had been blown!* – Gail**

been glimpsed. "Well, aren't these sexy enough then?" I said and lifted my skirt right up to reveal one of my best bits of lingerie, knickers made of the thinnest semi-transparent white cotton imaginable, loose all the way around the leg holes but with a central seam pulled right inside my fanny, exposing it deliciously. They gasped and stared. By now we had all silently acknowledged that I was an exhibitionist.

But now one of them chirped up, "If we paid again would you take them off?" I appeared not to be keen but "reluctantly" gave in as it was in a good cause. Naturally, they paid up!

Keeping my skirt up with one hand I slowly peeled

"I guess it isn't," the woman snapped. "But melons molesting guys, well that's unusual enough for me. And that's not all the crazy stuff's going on down here."

I told her I'd be right over. What with women's rights, animal rights, and the rising price of custard, it was getting plenty tough for the perverts. And now fruit was fighting back too.

When I arrived at Felix Feet's two broads were waiting to greet me. One was the dame I'd spoken to on the phone. She was a short brunette and by the look in her eye I could guess she was as keen to start trowelling as a bricklayer's apprentice.

"Mr Slick," she said, holding out her hand, "I'm Fiona Latio, but you can call me Fee. And this is my assistant, Reilly Promiscuous."

"You can call me Anytime," Reilly said, with a smile that had "hot tub" written all over it.

I pursed my lips. "Just give me the facts ma'am," I said.

Miss Latio sniffed unhappily. And by the look that came over her face I could tell that unhappily smelt about as nice as a sumo wrestler's jock-strap.

"It's like this," she sobbed. "So far this week we've had a number of male customers attacked. They've been molested by the melons, goosed by the grapefruits, poked by the pomegranates, slurped by the satsumas, licked by the lychees, and the kumquats made an awful mess of one guy's trousers. They've been gobbled by the gooseberries, mauled by the mangoes..."

"OK lady," I snapped, "I think I got the picture. Let me ask you something. You buy your fruit from two characters names of Harry Hormone and Sylvester Steroid?"

Reilly Promiscuous looked about as shocked as if she'd woken up in the morning with an erection. "How did you know?" she gasped.

I smiled. "Those two goons have been working the same scam for years. They buy up a job lot of stunted, female fruits and pump 'em full of male hormones. That makes them grow to normal size so as they can sell them for a fat profit. Trouble is, the male hormone gives them a male sex drive too."

"Which explains why they're so randy," Miss Promiscuous said breathily. "And why they reach orgasm so quickly and then roll over and belch," she added.

"And why the rhubarb goes limp at the sight of beer," Miss Latio said. She looked at me and ran her pink, pointed tongue over her full lower lip. "I bet you never have that problem with *your* rhubarb, Mr Slick."

She gave me a wink that told me she was as desperate for meat as a vegetarian's dog. And by the way she was eyeing my pants I could see she thought I was the sort of kindly butcher who might just give her a piece.

"What can we offer you by way of payment?" she sighed. "I'll give you anything you like. We both will."

I looked at the two broads. They were a smart looking pair and as keen on mating as a room full of Russian chess players.

"Give me a couple of bananas," I said.

Dames are fine. But when it comes to sex you can't beat the real thing.♣

To more gasps and groans, leaving the knickers on a chair, we started the badminton. The guys' progress was somewhat impeded by the fact that they weren't always watching the shuttlecock! As my tennis skirt is elasticated around the waist I can raise or lower it at will. Office Party Poppers

A few reputations were tarnished at my firm's office party last Christmas.

The way people behave when they let their hair down and have a few drinks never ceases to amaze me. Admittedly, the sights I saw *were* when I was looking for an empty office where I could bonk Daniella (a right little darling from Switzerland).

I thought the photostat room, would be ideal but we were beaten to it by old Vernon from Accounts.

He's got to be 50 if he's a day, but there he was with Jackie, a West Indian girl from his section. She was bent over the photostat machine and Vernon, with all the enthusiasm and energy of a bloke half his age, was giving her a good rogering from behind. He's a real dirty old sod, is Vernon, because we could see he had Jackie's panties in his hand and every few seconds he kept on having a good sniff at the crotch.

We must have been standing watching for five minutes before the old chap let out a loud grunt, and the next second he had pulled his plonker out of Jackie's hairy snatch and was unloading a massive amount of creamy spunk all over the unfortunate girl's bum cheeks, which were awash with semen by the time he had finished spurting. We departed the scene leaving him rubbing his wilting prick on Jackie's arse.

Then Daniella had the idea of trying the board room. When we got there it was unlocked so we gingerly opened the door. Oops! The MD was busy in there, too busy to notice us, and wasn't that his secretary Lucy lying on the table with her legs open? She was a natural blonde after all – I'd always wondered. What a way for an MD to behave as he slipped his swollen cock with a push and a shove into his secretary's twat. This was followed by some torrid grunting and pumping with the MD spreading Lucy's legs even wider apart so he could get the whole of his prick up her. The action was furious if brief as the MD gave a shout of ''Oh yes darling,'' and gave one last thrust as he shot his load deep inside her greedy cunt. When he pulled out I just got a glimpse of spunk running down Lucy's thighs as we made a hasty departure.

It turned out that every bloody office was either locked or had couples performing the sex Olympics in them. Daniella and I gave up in the end and we had to make do with the back of my car. It was good if somewhat uncomfortable as the Swiss miss let me spunk up her. She insisted on finishing by

IDOL WILD!

As you can tell from this picture, you can win a cracking video this month – and we're not just talking about the lady's whips and chains either. Nope, *Matinee Idol* is described on its cover as "too hot to handle" and by good old Brycey as "great for a damn good hand shandy", so it seems you can't lose with this one.

It stars the infamous porn prodder John "Wang" Leslie, as well as a host of hot birds who can never wait to get their clothes off for him. Leslie plays the matinee idol of the title, and the things he does on the Hollywood casting couches have to be seen to be believed. There are some scorching scenes to digest while you're making your mind up though!

As usual, to win your copy you've got to study the picture here (which we're sure won't be *too* much of a hardship) and think of the wittiest, smuttiest caption possible. What is the lady about to say? Why is she wearing those ludicrous spectacles? Just how *does* she keep those knickers up? Then send your entries to: Whip Cracking Idol Comp, Club International, 2 Archer Street, London W1V 7HE. The ten that crack us up the most will get to find all that out.♣

MOTORVATION

With one eye on next month's Birthday Honours, ***John Masham*** *investigates the life of the landed gentry.*

Ask around and you'll quickly find that even in the last quarter of the twentieth century most folk would still welcome the opportunity to live like a lord. They picture a succession of days spent amongst the limitless loot piled head-high in the counting-house, followed by long nights of wining, wenching, feasting and frolicking. And of course, who could resist the chance to kick the odd peasant off the top of the turret?

But of course life isn't like that any more. Death duties and continual in-breeding have wrought havoc, leaving many a weak-chinned toff hunched over the dying embers of a once mighty fire, forced to open his house to the public just to pay the rising costs of a decaying pile and a son with a coke habit. Gone are the days when an Englishman's castle was his home. Nowadays if a peer isn't prepared to put up with a procession of proles parading through the place he'll soon find himself in Lord Lucan's shoes – selling surgical appliances under an assumed name in Dartford. *(Are you sure?– Ed)*

Of course, we had to find a way to keep all these poofy old toffs in business somehow. Let's face it, the only reason we've still got a few allies left is because they think we're all comic English milords. So we invented the stately home business.

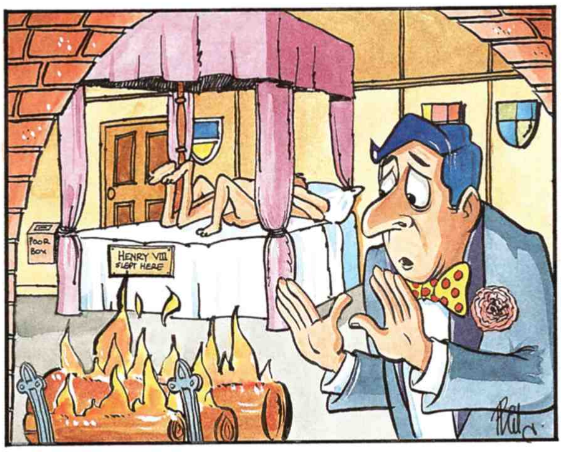
It's far from ideal, though. While giving those not to the manor born a chance to see what's what, it is, in general, a shambles. If you've ever wondered why Henry the Eighth had six wives, you'll find the answer in Britain's stately homes.

After all, name one – if you can – that doesn't have a bed 'in which slepte good King Henry'. I mean, there are more beds allegedly slept in by Fat Hal than there are pieces of the True Cross. He'd *need* all six wives to justify the expense – that's if he lived long enough to use them all.

Another favourite con guaranteed to stun the punters is, of course, the old Medieval Banquet. Initially it looks like quite a good deal – mead, wenches, tear the food limb from limb, and generally behave like an animal, and all to the sound of an authentic Medieval musical combo. Only I'm sure our forefathers didn't really sit down to *Tie a Yellow Ribbon* played on a lute, any more than they ate microwaved chicken drumsticks. And as far as tearing meat limb from limb is concerned, touch up one of the wenches and you'll be lucky if that's *all* she does to you.

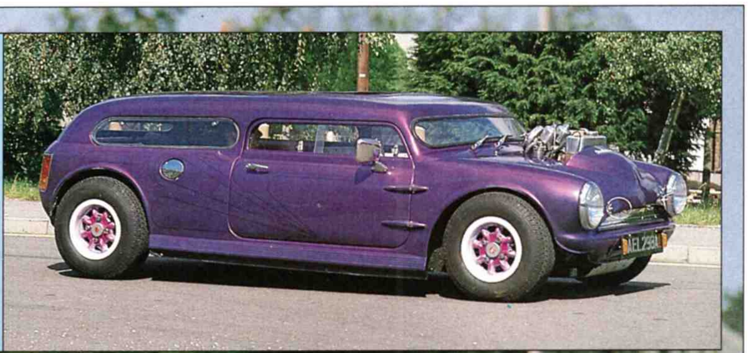
Preferring to keep the peasants on the outside, other great houses have opted to supply the entertainment Al Fresco *(Who he? – Ed.)* We're talking here about the Safari Parks. Woburn Abbey, Windsor Safari Park – you know the ones.'See the Big Cats in their natural environment' – what? Bedfordshire? These are the people who think zoos are cruel, and then go and put a killer whale in a swimming pool so that it can learn to play ping-pong with the lifeguard. And as far as evolution is concerned, answer me this: if a troop of baboons can strip your car down – and they will – in just 30 seconds as you drive through ''Baboon World'' at a stately 5mph, how come it takes your local garage all day at £18 per hour plus VAT?

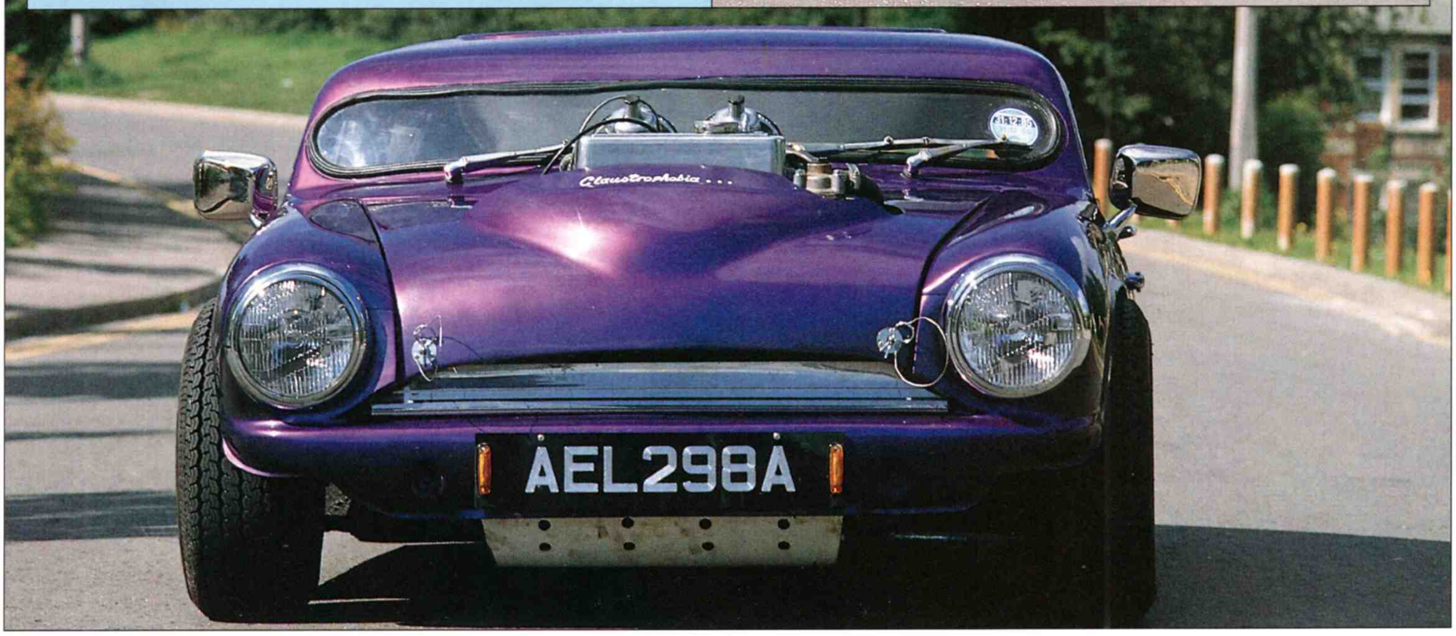
The other great attraction,



MINI HA HA

How many 6ft 4in tall mechanics can you get into a 34in high mini? This car might look as though someone with an elephant's arse sat on it, but in fact it's meant to be like that! Andy Saunders of Poole in Dorset has stooped to an all-time low to squeeze his car in to the record books as the world's lowest legal motor. After he'd finished chopping bits off just about everywhere (17¾ inches in total) and squashing in a couple of old garden chairs, Andy covered the whole car in a multitude of exotic paints from frosted grape pearl to flip flop yellow. All he needs now is an 18-inch high female contortionist to share it with him!





after you've had your company Mini reduced to a pile of Meccano by the cast of the PG Tips commercial, is, of course, Feeding Time. Watching primitive species trying to master cutlery and drink without dribbling has always been a source of some amusement for the more intelligent lifeforms. So be generous, and have lunch there. Watching you and your loved ones wrestling with the tupperware is about the only amusement these poor animals get.

Some of the more sophisticated and advanced parks offer monorails and small scale railways, though what this has to do with the real safari experience is anyone's guess. Daktari may have been stupid enough to try and hold intelligent conversations with a cross-eyed lion, but even he didn't try and track big game by train. Believe me, if Thomas the Tank Engine ever goes after the Waikuku it's not going to be a pretty sight.

The final – and one has to say most ridiculous – 'entertainment' offered by our great houses comes when they play host to the Sealed Knot. Heard of them, have you? Well, if not, try and imagine a thousand balding loss-adjusters, local councillors, cost-accountants and estate agents dressing up in Civil War kit re-enacting Great Boring Battles of Yesteryear. Why anyone who spends Monday to Friday driving a Cavalier then wants to dress up as one at the weekend is a complete mystery. Like toy soldiers on a grand scale, the battles have everything – everything, that is, except blood, wounding and death. And having seen the Sealed Knot in action, it's hard to escape the conclusion that what they really need is a nice bit of death.

Somewhere along the line it's all gone terribly wrong. If people really want a taste of Olde England it's about time we got back to where we were. Give the nobs their homes back, and those of you who want a look on the inside can go about it in the way they used to ... up the ramparts. The rest of us will get our enjoyment watching all that boiling oil tumbling down. You want excitement? How's about 400 gallons of hot 3-in-1?♣

TAPED!

*Bringing you the latest on the cream screen is porn's answer to Ted Rogers. Yes, **Allan Bryce** is back, but frankly we'd prefer the Pearl and Dean adverts.*

We all have different feelings about sex on the television. Some say it's uncomfortable, while others like nothing better than plugging in for a late night thriller. Now personally I'm all for it. My recipe for a perfect evening is to take the girlfriend down the local tandoori – the one that plays *Jim Bowen's Party Hits* as mood music – to get her stoked up on a rogue Vindaloo and several pints of Old Peculiar. Then it's back home to slip into something comfortable, like **Lady In Trouble**, a bodice-ripping tale of lust and depravity that will have her eating out of my trousers in no time at all.

It's set in the 18th century, a time that came just before the 19th century and just after the 17th century (pay attention, you might learn something). In those days a girl had two hopes of retaining her virginity: Bob Hope and no hope. Yes, fate has some pretty cruel tricks in store for the innocent young Lady Cecilia (Cindee Summers), whose life is dramatically altered when her uncle pops his wig (18th century terminology for kicking the bucket). Pressed into service in the house of Lord and Lady Hamilton she is forced to witness acts of such unspeakable depravity that they could only be shown late at night on Channel 4 (and in extracts on *Right To Reply*).

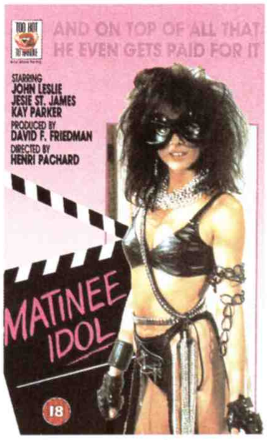
Shocked by all this licentiousness she gathers up her corsets and runs away to a nearby manor, where she is witness to 'An Orgy Of Perverted Lust'. Yes, Surrey was all go in those days. But then they never had telly then. Anyway, because she won't join in the fun, poor old Cecilia is chucked into prison, subjected to 'Sadistic Torture' and forced to take part in 'A Debauched Frenzy of Carnal Lust'. If you wondered what your right arm was for then tune in to this little lot.

Ready for some pillow talk?

I know we're in the middle of a satellite revolution, but you unfortunately won't find **Channel 69** on your telly. This is the title of a choice collection of shorts from the shaky camera of Alex de Renzy. It opens with two Chinese fellas indulging their yens at a brothel with three attractive females of the Oriental persuasion. In fact they don't seem to need much persuading as they go at it in the bathroom – covering the lucky lads with foam and rubbing them down until they come clean. Slippery customers, these Chinese.

Then we get to the hint of a storyline: a guy in a sex shop fantasises about the three lovely ladies who pay him a visit to deliver the pizza (was this movie deeply panned by the critics?). One of the girls relates a recent experience in which she took on three sailors in the engine room of a ship, and the scene abruptly changes to show us these jolly Jack Tars in action. It's full steam ahead as they grease her down and jump on board.

And so the film goes on as a series of erotic encounters taking place in the mind of our frustrated hero as he sits forlornly amongst a forest of dangerous-looking marital aids. There's the tale of a chap who has it off with his tiny Japanese maid (he likes a little nip at bedtime); the one about the gynaecologist who gets carried away with his work and ends up staying late at the orifice; and a scene in an Oriental bathtub with two Chinese beauties that any hot-blooded male would love to take away. Velly enjoyable.



After that, why not settle down with **Jack 'N' Jill**, which is *not* about the couple who went up the hill, or on the Pill for that matter. It's the story of the sexual misadventures of New York swingers Jack Wrangler and Samantha Fox (no, not the one with the big bazonkas and the voice like a female bricklayer).

In the opening scene Jack gets on the horn to Jill and tells her he has a surprise waiting for her at home. When she gets back to her apartment she is amused to see her hubby tied to a chair while a robber ransacks the place. Thinking this is another of Jack's jolly sex japes (he's almost as funny a fella as Ted Rogers), she leaves him tied up and lets the masked intruder break into her knickers. Afterwards she hears him whistling while he works and realises he's an Irish burglar; a swift karate kick right where he keeps his wire cutters soon puts paid to his antics.

Undeterred by this incident, Jack and Jill pursue

In and Out Training

My boyfriend, Terry, is a real hunk. He keeps super fit and does gym and weight training twice a week at his mates' place. He converted a large garage into a gymnasium called "Jim's Gym" after the bloke whose garage it was. Colin and Tom, older but in good nick for a man of fifty, also use the facilities.

The other evening I went to watch Terry training. He was on his own when I went in, lifting these heavy looking weights. He looked so yummy in his tight shorts I knew I just had to have him. I dropped to my knees and pulled his shorts down, I licked and sucked his cock much to his delight.

I was so engrossed in my cocksucking that I didn't even hear the other guys come in. The first I knew was when I felt my mini-skirt being lifted up and my panties being pulled down. I looked behind me to find Jim, with shorts at half mast, kneeling behind me with a stiff prick in hand, which he soon shoved into my juicy pussy. I was just enjoying it when Jim gave a loud moan, gripped my bum cheeks hard and emptied his load up me. My disappointment was short-lived as Colin swiftly took his place, stuffing his ample organ up my cunt.

I was still sucking hard on Terry's prick whilst Colin was hammering me from the rear. I climaxed before Colin, and he let out a loud roar as he shot his spunk into my twat.

It was getting like a relay as Tom took his place, then Terry took his prick out of my mouth and wanked off, spraying his spunk all over my face and hair. I heard Tom say that he'd better see to it that both my ends were creamed so he withdrew his big prick from my well-greased minge and sprayed my bum cheeks with his

GOBBLE!

Resident wino ***Nathaniel Fatbastard*** *takes a trip across the Channel to stock up his booze cupboard. It sounds more like a case of merde dans la tête to us.*

Last week I held one of my intimate cheese and wine evenings at my Catford pied à terre – just me, a few fellow appreciators of fine wines and a fuck of a lot to drink. My flat is ideally equipped for such sophisticated soirées. The eight by ten foot lounge has a cosy ambience, and there is a plentiful supply of buckets so nobody need share when the *Bordeaux Villages '85* proves rough on the palate. Whilst politeness prevented me from stipulating it on the invitation, most of the guests arrived with something for the table. Trouble was, the bastards all brought cheese, so by the end of the evening my cellar was as empty as Dominant Dowse's knicker drawer. Bugger! I would have to go to France for the day.

Say what you like about whinging wine-swillers, but the French have done a lot for the world of *haute cuisine*. There's that runny stuff with a crust resembling three-day old puke that they call cheese, fucking expensive fizzy water in a snot-shaped bottle and a fondness for eating slimy garden pests like snails and frogs. Then there's French fags – *Disque Bleugghh*. The only people who ever smoke them are local authority social wankers who are so seriously misguided they actually pay good money to own a *new* 2CV. Still, the ghastly Gauls do make good cheap booze, so I booked myself on to the B & O ferry to stock up my Lada.

The only snag with ferries is that they're full of cunts. You can't get to the bar for brain-dead juggernaut drivers with sun-tanned right elbows and their girlfriend's name tattooed on their arm in case they forget it while they're fucking. I squeezed past one with an even smaller brain than his £2.99 digital watch, only to find the bar was out of everything except watered-down lager. Ten pints of Starling Damp Label (85p) later, I was leaking like a Liberian supertanker.

I arrived in Calais and went straight to a charming typically French restaurant. The *Cafe Merde Anglais* (25 Rue de Bastard, Calais) is full of stripy-shirted onion sellers, accordion players and horse-faced men in berets waving their arms about. I sat down to *Medaillons de Boeuf en Crout* avec *pomme frites* et *les pois de jardin* followed by Angel Delight with a very reasonable house red. The bill came to 2,500 francs which the manager explained was about £2.50 in real money.

One of the reasons I'm able to enjoy France without being ripped off is that I've taken the trouble to learn the Frog lingo. I can't tell you how important mastering some colloquial French can be. Take the word *nouveau* or the feminine *nouvelle*, for example. The school books will tell you this translates as 'new' when in fact it actually means 'shit'. Hence *Beaujolais nouveau* (shit wine) and *nouvelle cuisine* (crap food). However, if you

What a night we had. They all fucked me again and Tom, the dirty bastard, took great delight in getting me to suck him off while he sniffed the gusset of my knickers, getting me to finally wank him as he shot his spunk into the crotch.

They all want me to go training with them on a regular basis now. – *Kelly, Mitcham*

can't manage this, I find most Frenchmen understand plain English if it's loud enough.

After lunch, I headed for the Calais *Grande Hypermarche pour Les Touristes Foux* to replenish my wine stocks. One advantage to the Common Market is that now the official allowance for wine bought within the EEC is quite generous. And being a responsible citizen who believes we British have a duty to show foreigners fair play, I walked out with only the seven bottles I was allowed in my supermarket carrier bag. The rest I stuffed in the spare wheel compartment of the car boot. As well as the cheap plonk, I bought myself a genuine Breton I ♥ Calais t-shirt, an *Embrassez Moi Vite* beret and a garlic crusher for some Laura Ashley loving friends of mine who put that muck in everything.

Then it was back on the boat to take advantage of the duty free bar again. Unfortunately it was rather a rough crossing and I must confess to a certain degree of *mal de mer*. In fact, I honked a slick bigger than the one left by the Amoco Cadiz. Still, it gives those boring bastards who like cleaning sea birds something to do . . . ♣

True Stories!

Dear Sir/Madam,

After reading the latest issue of your magazine, I thought I'd write in to let you know of my last sexual encounter. Which, by the way happened last Wednesday.

I had gone into town to visit our local Adult Bookshop, which stocks everything from spades (for Necrophiliacs) to Club (which I must say I prefer to the spades). Any road up, I was just going into the shop when I saw our local vicar leaving. He was clutching a copy of *Mayfair*. I found this revolting. If a man of the cloth is going to buy a perv mag then he could at least buy one with a little more class (like Club, for example).

When I got inside the shop, the sexy-looking female assistant ripped off all her clothes and made love to a chocolate frog which happened to be passing at the time. Next, she asked me if I'd like to have a bit of the frog to eat. I told her in polite words: "Fuck off, you stupid bitch!"

Then I took out my 27-inch penis and made mad passionate love to my hand. When we had both climaxed, we both went home for a lie down.

Darren Little Dick

P.S. This is a true story. I know because it happened to me but I bet you don't print it, 'cos all your letters are made up by the office staff.

Made up, Darren?! The very idea! But we'd love to know what happened to the vicar and the chocolate frog though.

their kinky lifestyle in a series of adventures that are both sexy and funny. Particularly amusing is the party to which they go dressed as punks (as are all the other guests), where the talk is all computers and advertising despite everybody's strange appearance. But Jill really wants to put a bit of romance back in her life: "I remember when rubbers were something that belonged on your feet," she sighs. Now she really *is* showing her age.

To restore that sexual thrill between she and her beloved, Jill arranges for him to be tied down by two raving nymphomaniacs and subjected to more physical abuse than you hear on *Grange Hill*. That certainly does the trick as far as he's concerned, though one of the girls could do with losing a bit of weight – when she sits on his head he can't hear the stereo! In return Jack organises a well-hung stud for Jill's anniversary present. And if you can't guess where the ribbon's tied I suggest you nip back to the newsagent's and swap this mag for *The Beano*. It's probably got the same jokes in it.

And finally, **Matinee Idol** (which you can win in our great competition on page 00) takes us back to the great old days of Hollywood, when Fatty Arbuckle used to throw his legendary bring-a-bottle parties and Errol Flynn would turn up with a six-pack of blondes. It was an age when the only way to get on in Tinseltown was to test the springs in the casting couch, and that's just what the heroine of this movie does – hundreds of times! In fact she's been screwed so often that her friends all call her Rawlplug.

PICCADILLY
LADY IN TROUBLE
18

Well-known porno star John Leslie plays a character called Lance Hardy, a man with a dong so big that he needs to fold it in half to use it as a yardstick. This understandably makes him a hit with the ladies, but not too popular with the wardrobe department, who can only fit so much into a pair of Y-fronts.

Lance is looking for his ideal female: a woman about waist-high with no teeth and a flat head he can rest his drink on. But all he's found is fellow porn star Jessie St James, a gal who has been round the block so many times that she's just about due for an MOT.

Then along comes newcomer Kay Parker, a lass who's fresh as a daisy and just dying for a good plucking. Will she replace Jessie as the studio's top attraction? Will Big John give her a taste of his tentpole? Will I think of any better jokes next month? Tune in and all will be revealed . . . ♣

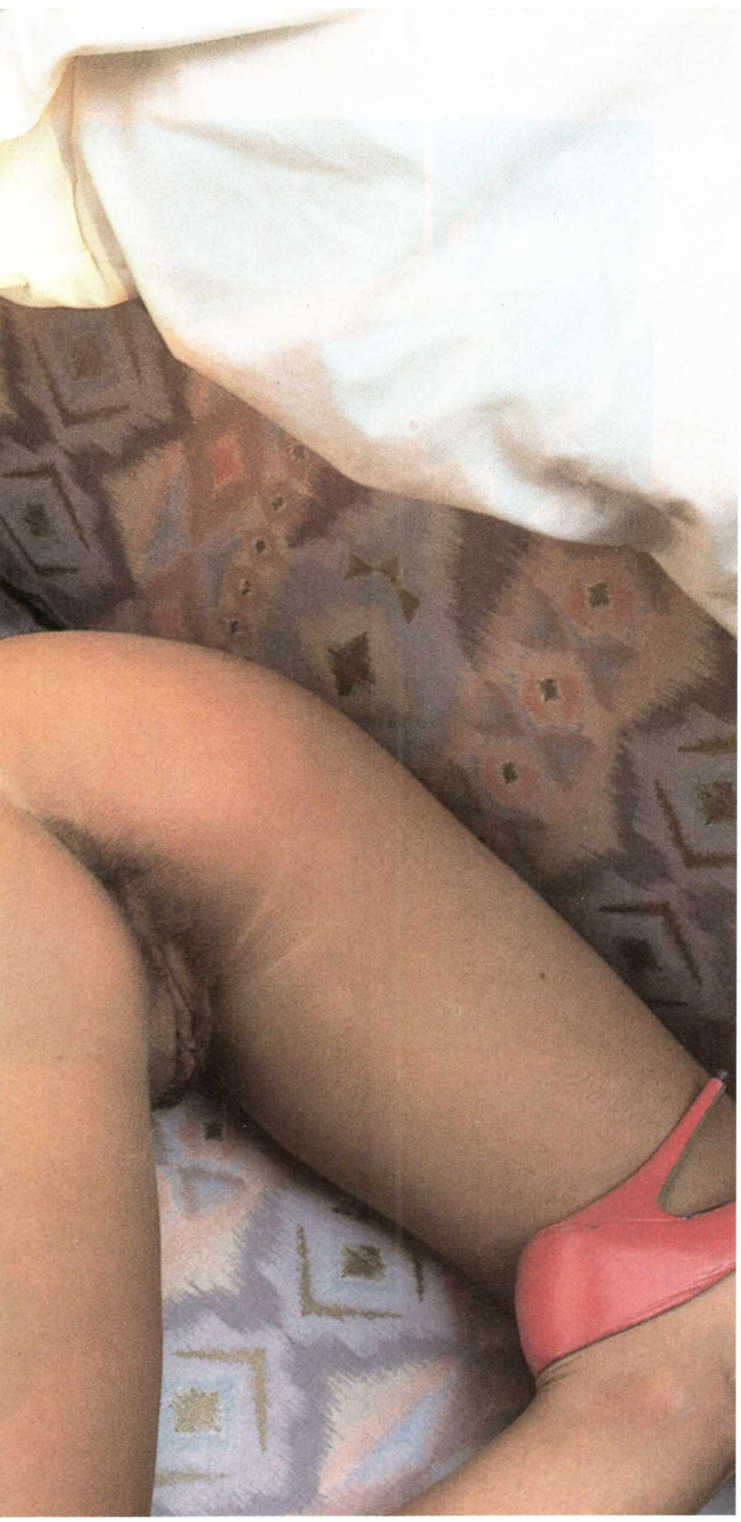
Samantha's heavenly boobs and shapely bottom are very special. So special, in fact, that we let her do all the talking.

''I insisted on staying at home for this shoot. I wanted you to see me how my lovers see me, amongst all my beautiful possessions. Men tell me that the appearance of my smooth, sensuous legs and luscious bum perfectly compliment the classic lines of my Art Deco



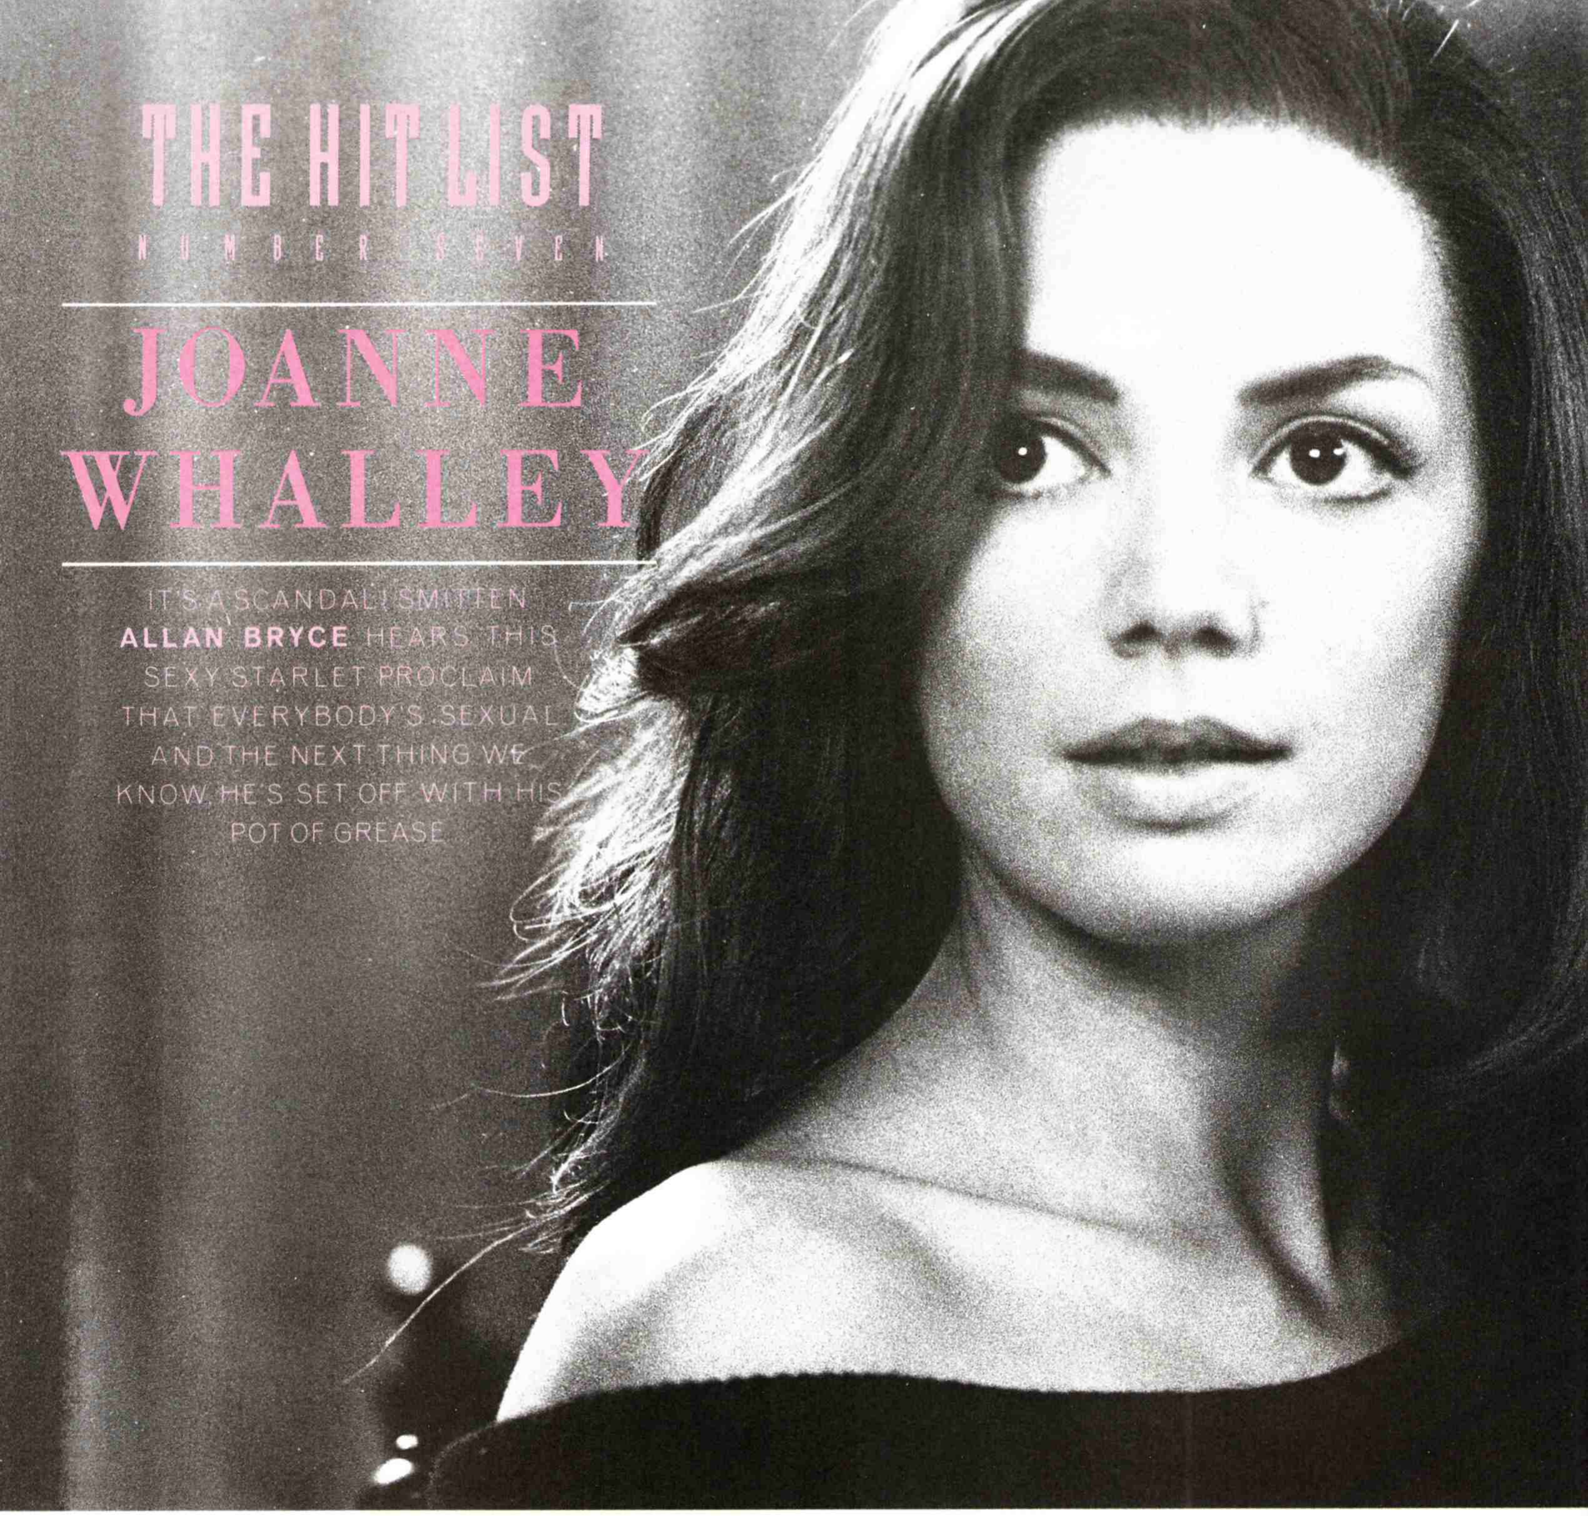
interior design. You must admit that it's an original way of getting into my knickers! My present boyfriend even says it's like screwing on the set of *Casablanca*. Maybe that's why he's always telling me to 'play with it again, Sam.''' ♣

THE HIT LIST

NUMBER SEVEN

JOANNE WHALLEY

IT'S A SCANDAL! SMITTEN **ALLAN BRYCE** HEARS THIS SEXY STARLET PROCLAIM THAT EVERYBODY'S SEXUAL AND THE NEXT THING WE KNOW, HE'S SET OFF WITH HIS POT OF GREASE



It's a bit of a shame about that surname, but then who the hell cares what an actress is called when she's as sexy and talented as Joanne Whalley. Five feet tall in her stockinged feet, and with a figure that makes you want to take your eyeballs out and polish them, she's the sort of girl that most men would gladly make fools of themselves over.

This made her the perfect choice to play Christine Keeler, the notorious vice girl whose naughty antics with war Minister John Profumo helped bring down the Tory government in the swinging 60s, in *Scandal*, and it will indeed be a scandal if her spirited performance there doesn't turn her into a major star of the 90s.

She does look a lot like Keeler. She's got the same impossibly large brown eyes, set beguilingly wide apart, and the same luscious, full, bottom lip. And when you see her imitating that famous nude study of Keeler astride a plywood chair, it's positively uncanny. ''A beauty like yours should be liberated,'' says John Hurt in the film – and most male viewers would be happy to put their name down for the task.

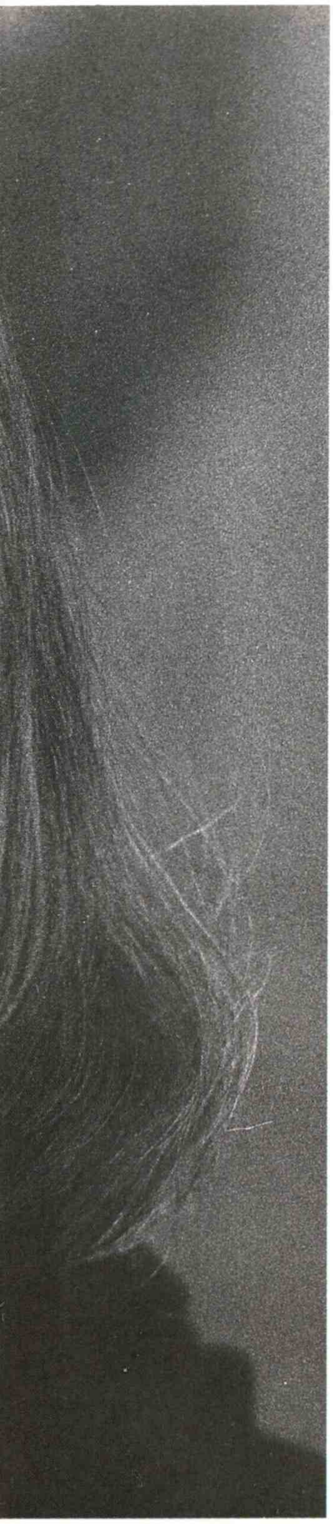
Sex has always played a big part in Joanne's screen image. Who can forget her as the naughty nurse stripping seductively down to stockings and suspenders in *The Singing Detective*? There were quite a few BBC viewers who dropped their cups of cocoa over *that* one. And when she pulled off hero Michael Gambon's pyjama bottoms and got out that tub of body grease, Mary Whitehouse's howls of indignation registered on the Richter scale.

In that instance the wanton Miss Whalley defended her right to tease by saying, ''It's a storm in a teacup. Everybody's sexual. Every character has their own sexuality. Most stories are about relationships, and sex is what motivates people most of the time, that's where stories come from. I'm just out to do interesting parts. I'd rather do something that's got a bit of an emotional range because that's where I find the challenge lies.''

"Sex is what motivates people most of the time."

She also finds it quite a challenge avoiding the attentions of the press, most of whom seem to steer the conversation round to the subject of sex. For this reason she usually just refuses to be interviewed, explaining, ''I'm not interested in being labelled a sex symbol, and to be honest I haven't got that much to say. Well . . . nothing earth shattering that is going to change anybody's life.''

But still the press pursue her, and they are doing so with renewed vigour now that *Scandal* has made the 25-year-old doe-eyed



brunette the flavour of the month. "She's an icon of the 90s," crowed one of the Sunday supplements recently: "The girl most likely to . . ." Pretty good references for the daughter of a Stockport plumber.

Even before she left primary school she had announced her intention to become an actress. There was no attempt to look for a motive: "You do it because you love it. There's something in you that feeds off it." In her third year at primary school she and two chums wrote and performed a show called *The Dolly Sisters*, which their teacher declared was the worst show he'd ever seen. Joanne was undeterred. She joined a local drama group, was spotted by a Manchester talent scout (do they *really* have them in Manchester?) and at the age of 12 got her Equity card and a few small parts in children's television programmes.

She graduated to grown up roles at the age of 18, when she landed the part of Ingrid in an acclaimed television adaptation of *A Kind Of Loving*, Stan Barstow's gritty story of Northern life in the late 50s and early 60s. Her character was a pencil-skirted, beehived Northern tease who let her boyfriend put her in the family way so that she could lure him down the aisle. The role brought her recognition, but it also landed her firmly in the typecasting trap. "After that," she complains, "I was only offered parts as helpless working class Northern girls with buns in the oven."

The only way out was to move to London. She got a small flat over a shoe shop in Clapham and joined the long queues for auditions and unemployment benefit. But her haunting looks soon caught the attention of casting directors, and before long Joanne began to get small roles in television shows like *Crown Court*, *Emmerdale Farm*, *The Sandbaggers* and *The Gentle Touch*. In between jobs she became lead singer with a group called Cindy and the Saffrons, whose first record reached No. 56 in the charts (it was a slow week). But as her acting career took off she packed this in, cheerfully admitting: "I'm not the best singer in the world . . ."

The parts got sexier. On stage at the Royal Court she gave a striking performance as a raucous working class teenager with a passion for illicit nookie in Andrea Dunbar's *Rita, Sue and Bob Too*, while on the telly she swung a mean G-string as the famed stripper Phyllis Dixie.

Her greatest recognition to date came when she was cast in a small but crucial role in the superb BBC thriller series *Edge Of Darkness*. Joanne played the daughter of hero Bob Peck, murdered in the first episode and returning as a haunting spectre to steer him in the direction of a nuclear conspiracy. "Everything was really good about that," she recalls. "There was a great feeling when we were shooting. And it was marvellous when the public got so hooked on it. Almost through the whole thing we kept changing our minds about the ending. At one point both me and my dad were going to change into trees . . ."

And why not? (B. Norman.) Sounds a bit iffy to us. But there was nothing wooden about Joanne's performance. In fact it won her a BAFTA nomination as best actress, and suddenly her career was on the upswing. In quick succession she turned up in Alan Bleasdale's *No Surrender*, playing a sexy chef who harbours a desire to be a famous singer, and in *The Good Father*, as Anthony Hopkins' bewitching girlfriend.

Another high point came when she took on the role of naughty Nurse Mills in Dennis Potter's acclaimed BBC production of *The Singing Detective*. Her character had another fantasy existence as a night club singer, wished on her by Michael Gambon's bedbound hero: "You are the girl that all the songs are about," he tells her at the end. We know which ones.

A highly committed actress, Joanne researches her roles with great care. For the part of Nurse Mills in *The Singing Detective* she spent hours walking the corridors of a real hospital, watching how nurses cope with treating patients with serious skin diseases. Before playing an escaped prisoner in a BBC 2 play called *Will You Still Love Me Tomorrow?* she spent a day in East Sutton Park women's prison in Kent, soaking up the atmosphere. God knows what she did to prepare for her star part in *Scandal*, but I'd like to have been a fly on her wall . . .

So what lies in the future? Hollywood stardom perhaps? She had her first shot at it last year when George (*Star Wars*) Lucas signed her up to play the heroine of his $25 million fantasy epic *Willow*. But this dreary effort was way off target at the box office and in the end its biggest significance in Joanne's life was that it introduced her to her new husband Val (*Top Gun*) Kilmer, with whom she now lives in California.

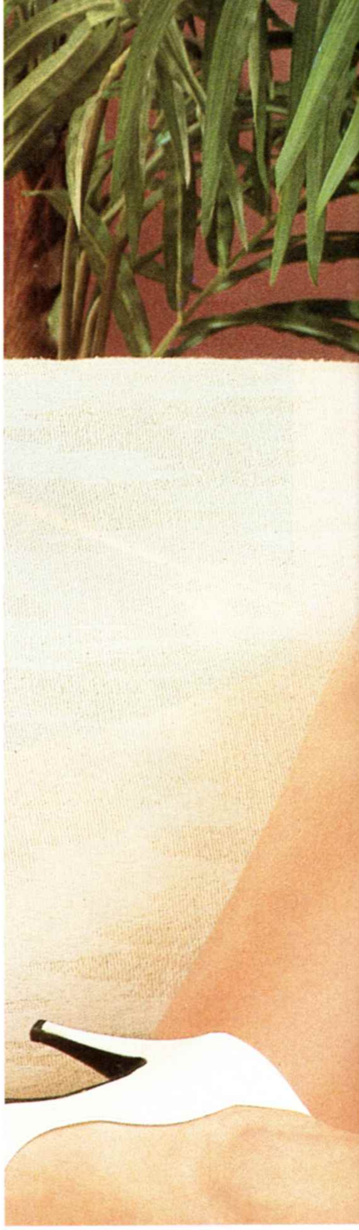
The success and notoriety of *Scandal* will surely have many more Hollywood movie moguls beating a path to her door. But they'd better be warned in advance that they are dealing with a serious actress here, and not just another brainless bimbo who will get her tits out on cue. "If I'm a sex symbol," she says, "then it's none of my doing. I just do my job and hope it works. There is a danger in being thought of as the flavour of the month. The danger is that the month will come to an end. Acting is a long process of learning as far as I'm concerned, and I intend to be around for quite some time." Yes, Joanne Whalley is definitely no wally.♣

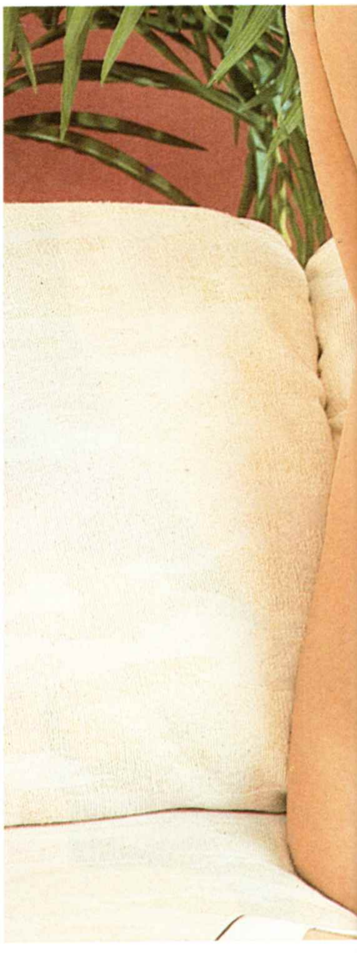
JENNIFER

Photographs by Scott Evans

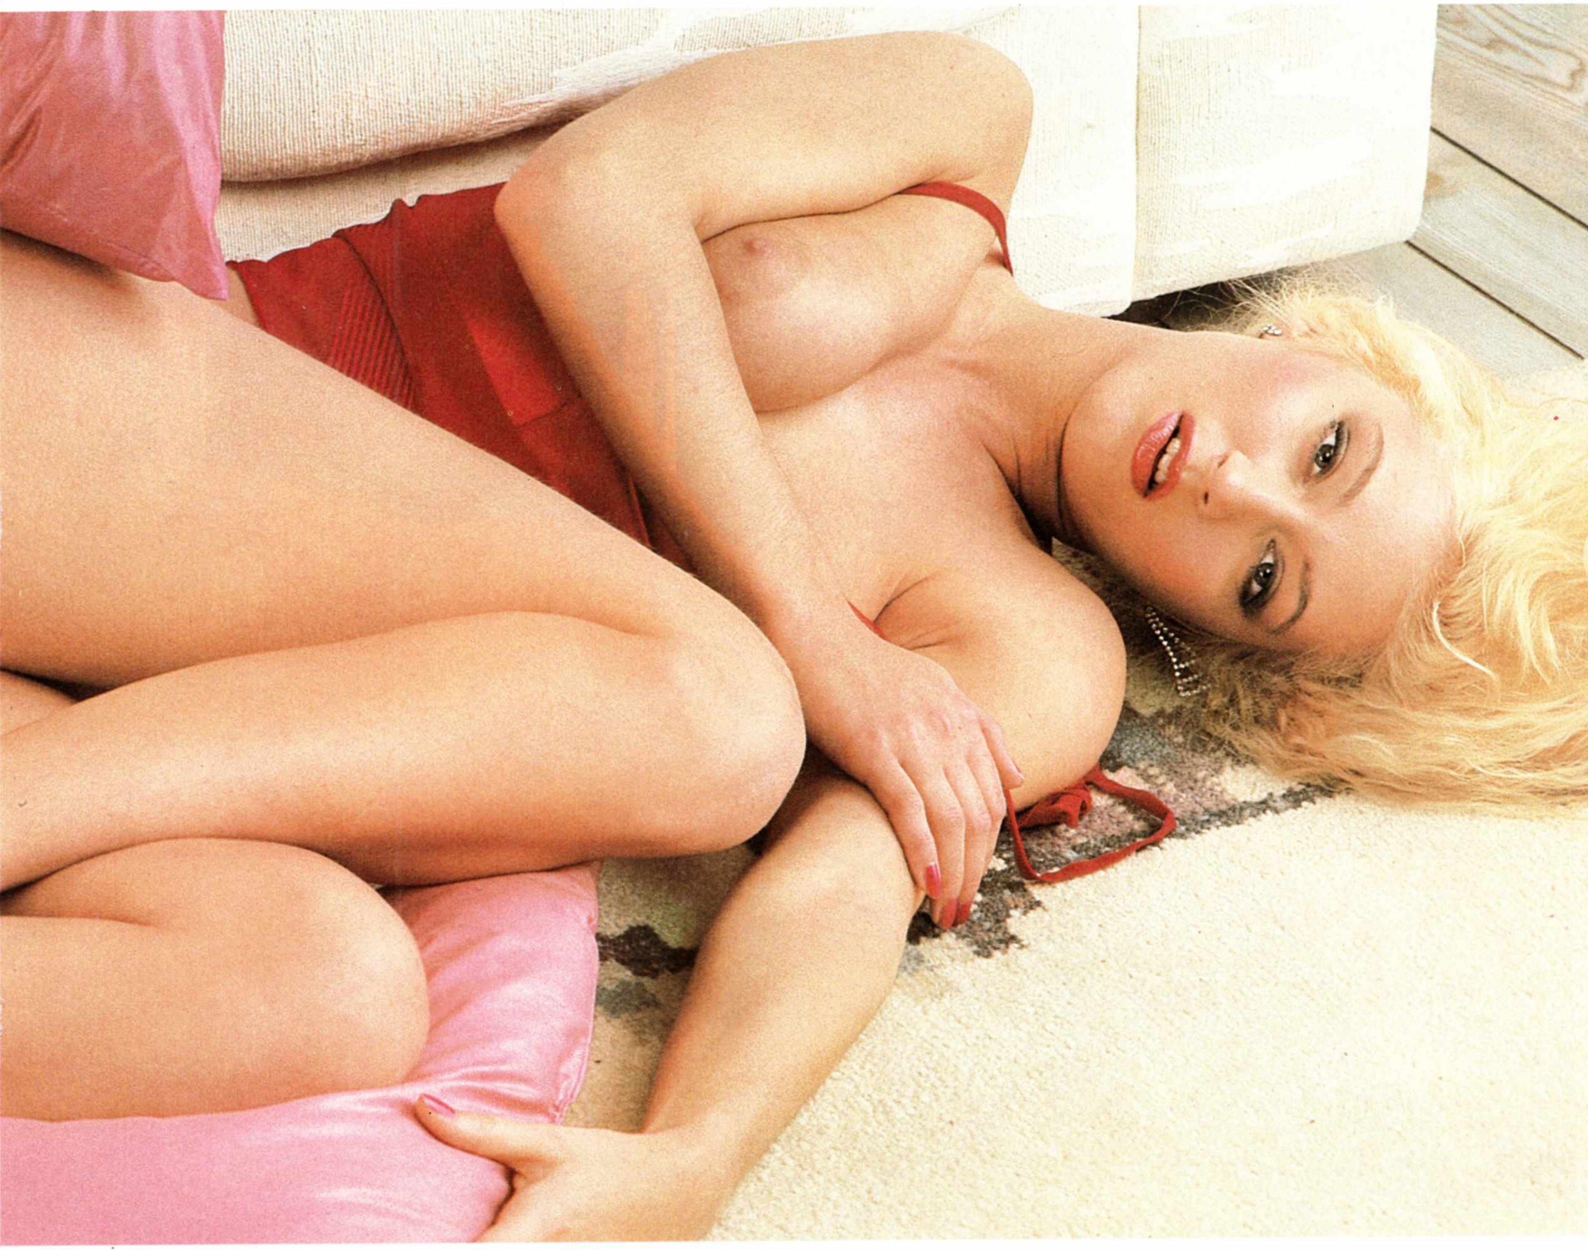
We took one look at Jennifer's waves of blonde hair and luscious curves and fell for her straight away. We watched her turn that perfect bum towards us, slipping her skimpy panties down her slender

legs, and we liked her even more. In fact we were so taken by this angelic looking 22-year-old that we nearly forgot to ask her anything about herself. ''Don't you want to know what I like doing to men?'' asked Jennifer as we ogled her firm tits and





glistening pussy. We nodded dumbly. ''I love to get two guys to join me between the sheets. That way I can be satisfied in every possible way by one and then still have a fresh one waiting!'' she giggled. Surely this couldn't be happening. The horniest blonde we'd met in ages and she was into



threesomes. Even the sight of Jennifer's lickable lips forming the words was almost too much, but she went on: ''I'm inexhaustible. I need two men to see to all my needs...'' Stop! Stop! we begged. There's only so much a man can take. ♣

Junk DRIVING

What would happen if some crazed blurb writer went loco, and actually told the truth about the latest range of motors Well, one has. And here's his secret advertisement copy, smuggled out by **Vinny Sprocket.**

The Aardvark 1.1L Popular Plus Hatchback

This car represents a double triumph! Not only have our design department given birth to one of the most compact Super-Minis on the road, but our publicity boys have discovered a species yet to have a car named after it!

This may be the smallest car that we produce, but even the popular model comes packed with features. For instance, the "My other car is a Porsche" sticker is standard equipment.

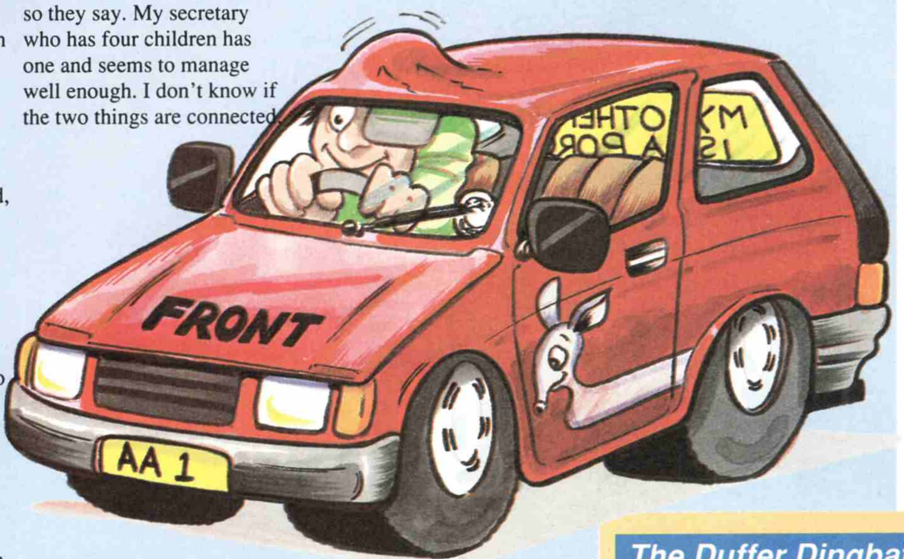
For the technically minded, the engine is mounted at what we in the trade call the "front end" and is full of little things that go up and down. This is in contrast to the transmission system which is full of things that go round and round, which under favourable conditions can include the wheels.

The car comes complete with automatic transmission based on the successful belt and cone system, the belts on this particular model being specially reinforced to allow them to be wound up tighter for that extra burst of speed required to pass Reliant Robins.

The interior is very stylish and unexpectedly spacious, so they say. My secretary who has four children has one and seems to manage well enough. I don't know if the two things are connected. I suspect not as there does not appear to be that much room in the back.

This is a truly European car – assembled in Spain, styled by Giugiaro of Italy, engines by Porsche of Germany and vandalised by Lager Louts of Lewisham. Just to prove that this vehicle is an EEC success story there is a subsidised mountain of unsold models somewhere on the outskirts of Brussels.

For those concerned about the environment this model runs on lead free petrol. It has to. It cannot manage the extra weight of lead.



The 397 Executive Plus

Everything about this luxury motor confirms that it's the "top of the range" transport for the successful man. Even the furry dice shows double six from all angles.

This car is so sophisticated that the on-board computer voice synthesiser won't even talk to you unless you have an Oxbridge accent.

Sit back in the real imitation hide upholstery and admire the sheer ostentation. Every conceivable aid to the modern executive on the move is fitted as standard, including car phone, fax machine, and ship to shore radio for use when in the Dartford Tunnel.

One feature that the successful executive will appreciate is the reflex testing device fitted as

The Predator Inter-City Saloon

We are pleased to announce the first saloon designed specifically to meet the exacting requirements of the fleet car market. This functional flying machine has been tailored to the needs of the Sales Rep.

All interior fittings bar the driver's seat have been omitted to increase the space available for samples, brief cases, empty McDonalds wrappings, parking tickets etc. The controls have been rationalised to make the car easier to drive whilst simultaneously using your car phone, writing in your Filofax and looking out for speed traps. Non-essential equipment such as rear view mirrors etc. has been deleted, as have indicators to free hands for the subtle system of hand signals used by the professional driver. However, the headlight flasher control has been triplicated as failure of this vital function could immobilise the car whilst driving on the motorways.

The complicated arrangement of clutch, gear-change, accelerator and brakes has been replaced by a simpler system of two pedals, stop and go – though the stop one should only be used in real emergencies such as passing mini-skirted hitch hikers.

The engine has been specially designed to run for 100,000 miles before it is necessary to check oil and water levels. In fact, on the de-luxe model the bonnet doesn't even open.

Because of the probability that the car will be carrying valuable samples we have taken special care to fit sophisticated locks all round, which our professional car thief and part-time bastard took 12 hours to pick. Unfortunately there is a relatively simple tool available for bypassing the lock which consists of a heavy piece of baked clay approximately 9" by 4" by 3", available from any good builders' merchant and suitable for use by any young part-time car thief and full-time bastard.

Turning to the bodywork, the wrap-around bumpers are made from a special plastic which is resistant to those annoying imprints that one gets from other cars' exhaust pipes when driving in the outside lane on motorways. This model is available in a range of subdued colours that are designed to enable the inevitable layer of road grime to become part of the car's natural appearance.

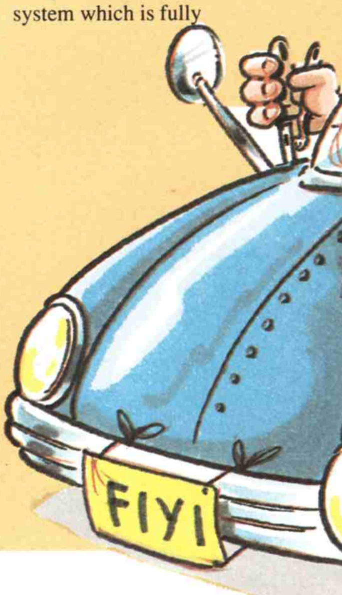
The Duffer Dingbat F.I.Y.

With more styles available and better quality body components being produced, the build-it-yourself vehicle option is going definitely upmarket. No longer can a man building a kit car be described as a spanner with a nut at both ends.

The Dingbat is aimed at the man who is looking for a challenging project. In fact, the kit comes in more boxes than a secondhand Skoda. The body is styled so as to be all things to all men: the front has the timeless, rakish elegance of the MGA whilst the back end has the square chunky look and bumper bars of the macho Jeep. In between there is an open area where our hero sits going "Brmm-Brmm" in the peeing rain while he works out how to fit the bloody engine.

Yes, this is *the* car to reflect your personality! The unique styling says you are an individual, the open cockpit says that you are the rugged outdoor type and the fact that the door falls off every time you get in tells the world that you are a real dick-head with a spanner!

The Dingbat comes complete with a suspension system which is fully



The Shitsy GTi XL SLR

If you want a hot hatch to turn heads and to say something about yourself, in the same way as your paisley sweaters and Val Doonican record collection does, then this is definitely for you. This car is so advanced that we have had to widen the tailgate by two feet just to get all the initials on.

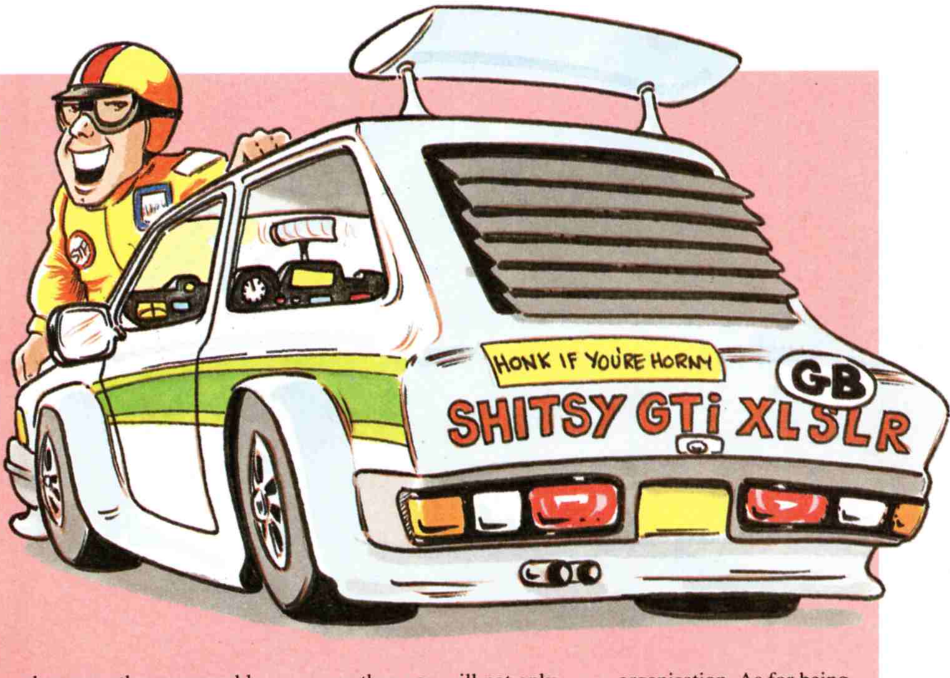
This is not merely a standard saloon with a few bolt-on boy racer panels. This designer sports model comes complete with full aerodynamic accessories all round. In fact it's got more spoilers than a Labour Party conference.

The distinctive wheels complete the performance appearance. In fact they're so distinctive that you'll recognise them immediately when buying them back from a bloke at the pub after they've been nicked.

The interior completes that hi-tec feel. The console bristles with every conceivable control, the most impressive being a linear tracking, infinitely variable, touch sensitive knob in the centre of the dash. Currently we have our R&D boys working night and day to find out what, exactly, it does. The best suggestion they can make at present is that it has something to do with wash cycles.

Conservationists will be pleased to hear that this car doesn't run on leaded petrol. It doesn't even run on unleaded petrol, but on a type of aviation fuel which is virtually unobtainable. This however is no real disadvantage, as merely standing by the car is guaranteed to pull the birds and what's more, we can boast more rear legover room than any other comparable model.

If by some miracle you *do* manage to get hold of some fuel, this machine is so hot that unless you are a 60 year old nun with 70 years of accident free driving behind you then you will not only attract the attention of the boys in blue but also a hefty insurance premium. To counter this we have arranged a special insurance policy which is underwritten by EXIT, the euthanasia organisation. As for being pulled by the fuzz, we can't help there except to recommend a good solicitor, or intimate hairdresser, depending upon your particular problem. We can't do everything.



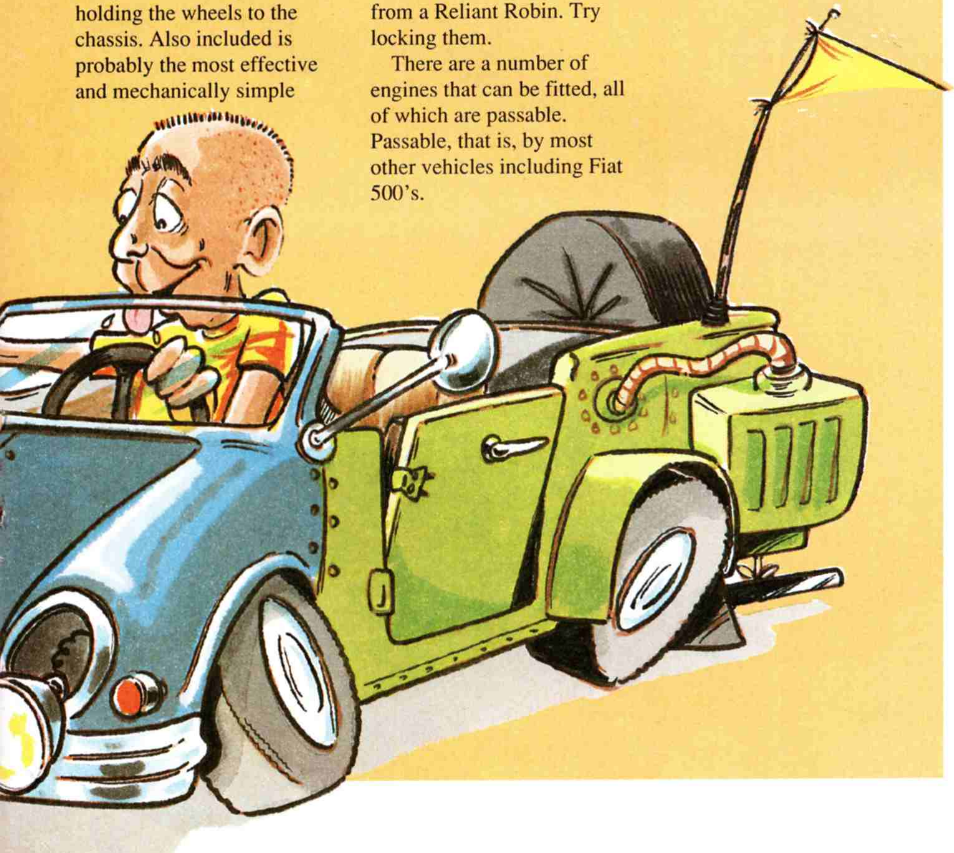
standard. This is a piece of electronic wizardry which checks that the driver hasn't had too many G&T's during his business lunch by asking him to complete a test of dexterity before allowing the car to be started. If the driver fails the test and it is imperative that he be able to drive the car – ie, if he's on a promise – then he just yells at the machine: ''Am I pissed or do you want to be turned into a battery charger for a Sinclair C5?''

When you tire of playing with all the gadgets, instruct one of your staff to lift the bonnet and prepare yourself to be impressed. Marvel at the vast array of goodies; power steering, servo assisted brakes, air conditioning unit, turbo unit pre-cooler, intercooler, drinks cooler . . . in fact, the possibility that there is any power left over for forward motion seems a bloody miracle.

The six cylinder engine, on those models where there is still sufficient room to fit it, boasts 24 valves. Mind you, I've had a close look myself and swear blind that at least three of them are from radiators in the Works Canteen and one of them is from a steam powered radio last seen under the designer's drawing board. As regards miles per gallon, bearing in mind all those power assisted frills, the old saying holds true: ''If you have to ask, your company doesn't think enough of you to give you free petrol''.

independent – usually independent of any means of holding the wheels to the chassis. Also included is probably the most effective and mechanically simple anti-lock braking system ever devised. We fit the brakes from a Reliant Robin. Try locking them.

There are a number of engines that can be fitted, all of which are passable. Passable, that is, by most other vehicles including Fiat 500's.



The Equest 4+Piles

As a response to pressure from the conservationist lobby we have developed this revolutionary machine, the ultimate ''environment friendly'' vehicle.

It's powered by a novel bio-cycle engine running on naturally available fuel, the exhaust from which is mostly in a solid form suitable for recycling. Output is a modest one B.H.P. but reasonable performance can be achieved by spurring the engine on, though this is usually accompanied by loud whinnying.

Power transmission is by a unique system of struts with drive to each corner which gives superb all-terrain performance. The suspension system tends to give a fairly firm ride but most drivers develop their padding arrangements with prolonged use. The standard model is a single seater but additional passengers can be accommodated on the optional trailer attachment. Unfortunately this puts you downwind of the gaseous exhaust outlet and gives you a view that constantly reminds you of the mother-in-law.

One advantage of this particular vehicle is that it is one of the very few types that allows you to drink and drive *and* stay within the law. In fact, at certain sporting meetings it's compulsory.

Production of this model is undertaken using only traditional methods which cannot be hurried. However, our workforce is ready to swing into action! In fact, the Production Controller has been amorously eyeing up the rocking horse in the Works Creche so *please* place an order today.

HANNAH

Hannah might not *look* like the kind of girl who's a dab hand with the DIY, but when she let us into her bedroom to do our shoot she insisted on showing us all her handiwork – among other things.

''I know that you won't believe that I did it up and decorated it all myself, but I did,'' the chirpy 20-year-old told us while we positioned ourselves at the foot of her bed.

"I'm pretty good with my hands – just slap a pot of paint and a couple of brushes in my direction and I'm well away.

"And there's something a bit kinky about all that white sticky stuff you use, isn't there? It always gets me horny anyway – and I can never resist playing with my brushes and paint while I'm decorating. I bet you can guess what I do with them..." ♣

Women's Writes

Where the girls get down to business

SERVICING WITH A SMILE

A few months ago, I took a part time job as a waitress at a posh local hotel. My husband has been out of work for a year now, so we really needed the money. But also, I have to confess that the idea of wearing one of those waitress outfits really got me turned on. Every time I felt the smooth black cotton rubbing against my tits as I was serving the diners, I made my panties really wet with my cunt juices.

When I got my uniform on my first day, I made sure that I got one that was a couple of sizes too small so that I had to really squeeze hard to get into it. The skirt stopped a couple of inches above my knees, so that when I bent over anyone who cared to look could get a view of my thighs and stocking tops. I always made sure that I wore the sheerest possible stockings to work, and I got a big thrill from spying the customers eyeing up my legs and trying to see even further up my skirt when I bent over to serve them.

The top part of my waitress outfit was also very tight, and as I'm pretty busty it really stretched over my boobs. The black cotton was quite thin so when my nipples hardened they could quite clearly be seen through it. Altogether, when I'd finished off the outfit with my little white starched apron and cap, I felt so randy that I'd sneak off into the huge larder at the back of the kitchen for a quick clit-tickling session when I thought no one was about.

The first time I got screwed by one of our customers came quite out of the blue though. It was a Monday lunchtime, our quietest time, and I was the only person serving in the dining room. Pretty late into the lunchtime session this guy came in who practically had me creaming my panties with lust. He was in his mid-thirties, and obviously wealthy with his well cut suit and coat. As I served him with his starter the last of the other diners left and I was quite alone with him.

I could feel him looking at me as he ate his soup and I bustled round clearing the tables, trying to look as if I was busy. But really my cunt was tingling at the way he was looking at me, and my nipples were aching to be sucked as they strained against my dress.

What I did next was quite out of character and I still can't explain why I did it. He'd finished his soup and I went up to clear his table.

''Would sir like his main course now,'' I asked, totally straight faced, ''or would you prefer to go straight on to the afters?''

The look on his face was absolutely priceless, but I just knew that he needed a good shagging. I lifted up the table cloth and looked into his lap. Sure enough there was an enormous bulge in the front of his trousers that looked almost painful.

''I think you should skip the main course and go for the afters!'' I grinned. I could hardly believe I was being so forward. But this bloke looked at me as if it was his birthday – and before my eyes he unzipped his fly and took out a thick, fat, *very* hard cock and started wanking it slowly under the table. I could see it growing even longer and harder right in front of me, and I knew it had to go in my mouth then.

I got on all fours under the table and he leant right forward so that I could get the length of his cock in my mouth. It tasted faintly salty from his tangy pre-come juices, and I licked and sucked at his knob very vigorously. Soon I was rewarded by the feeling of a large wad of hot, creamy spunk shooting right to the back of my throat.

''That's OK for a main course,'' I told him, struggling up from under the table, ''but it's afters that I'm after.'' With that I turned round and walked into the kitchens, taking care to check that no one was about. I reckoned they'd all be on their coffee break by that time. My diner followed me as I slipped into the spacious larder at the back of the kitchens, and closed the door.

As he tore his clothes off I couldn't resist fingering my hot clitty through my soaking panties. The whole situation had excited me so much that I didn't want to stop to take my waitress outfit off – and it

seemed to excite my bloke even more too. He grasped me firmly by the waist and hoisted my legs up around his own, so that he was holding me up off the ground. He braced himself against the wall with one hand as he pulled my sopping panties to one side with the other. Then with one hard thrust he was into my cunt all the way up to the hilt, and was soon bouncing me up and down on his hot pole until I could feel my juices coating the insides of my thighs. When my climax came I had to bite his shoulder to stop myself from screaming the place down and bringing the rest of the staff running to investigate!

Pretty soon after that I felt another load of spunk being shot, this time deep into my fanny. It took us a couple of minutes to recover, and when he let me back on to my feet I wiped my cunt down with a table napkin before straightening my uniform.

I think the poor guy was really embarrassed at his behaviour because he left pretty quickly – but not before he'd paid his bill, with a *very* large service charge added on for good measure.

I never saw him in the restaurant again, but since that day I've had several interesting encounters with other diners, and some of them are now *very* regular customers, needless to say! – *Trudy, Godalming*

HANDY ROUND THE HOUSE

I'm not a great devotee of sex on the ordinary one-to-one basis within a married or steady relationship. Like virtually every other woman I know, apart from my younger sister Debbie, I got married and just got down to my duties, one of which happened to be lying on my back and accepting Ray my husband's cock between my legs. As I know now, it was as unexciting for him as it was for me. I did get faint stirrings there at first, but as it didn't get any better I ignored these eventually.

I had better tell you about myself. My name's Irene and I'm 33 years old. My body isn't what your readers would call spectacular, though in public men tend to give my rather large bust more than just a second look. I have a fairly severe face, which people assume means that I dominate my husband. Until recently I would have laughed at such an idea. Not any more. Things in our household have changed dramatically, to say the least. Very exciting they are too. I think you'll agree when I tell you.

It all started the day I came home from doing the shopping. Ray had been off sick from his work for a couple of days. Maybe he didn't hear me come in, but when I pushed through the living-room door a sight greeted me that I'm hardly likely to forget. For there, in a squatting position on our carpet, his cock as erect as it gets and poking through a pair of *my knickers*, was Ray. That wasn't all of mine he had on either. He was wearing my frilly apron and a pair of my pink mules. Laid out in front of him, open at a large spread, was one of your magazines. When I came in I had heard him groaning and whispering things to the girl on that page.

I don't know which one of us was more shocked by what we saw, but all I do know is that I was the first one to recover. I have to admit it was the first time in our whole marriage that the sight of him had aroused me sexually. But this arousal certainly took a strange form. I wanted to punish him on the spot. "So this is what you do when my back's turned, is it?" I said sternly, half jokingly, half meaning it too. "You're nothing but a dirty little boy who needs a good lesson!"

In his face I saw confusion. But lower down, let me tell you there was none. At the sound of my voice, his cock throbbed uncontrollably (even though he'd taken his hands away). I ordered him upstairs at once, telling him that I would 'attend' to him in a moment. First I would have to call my sister, Debbie. He started pleading straight away. You see, Ray has always been very wary of her. She's better built than I am, very strong and doesn't have a very high opinion of men at all. Anyway, I sent him packing. There was no sign of his prick going soft though, I noticed.

As soon as I spoke to

Debbie, she said she'd be right over. Then I went upstairs and caught him playing with himself again. I told him if there was any more of that, he'd be bound and gagged, and before he knew what had hit him, I'd taken a polaroid shot of him in my knickers with his cock bulging out of them. That would be sent to his mates at work if he didn't behave, I told him. I've never seen such a mixture of fear and desire in a man's face before in my life. As for me, I was ready to tear my own clothes off and thrust my fingers into my cunt. Without even touching myself there I could sense how wet I was. It just didn't seem real.

The arrival of Debbie finally got things going nicely. In an instant, she summed up the situation and took complete control. "You're nothing but a hussy," she told my husband. The use of that word *thrilled* me. "You'll never wear the pants in this household ever again!" With that, she opened a drawer, took out all his underpants into the garden and made a bonfire of them. I didn't know whether to laugh or wank myself silly. I think I was a little hysterical by this time.

All the time this had been happening, Ray's cock never once showed any intention of drooping. "What shall we do

Expiry Date __________

with him?'' I asked Debbie, once she was back up the stairs. ''Well,'' she said, ''for one thing, he'll be wearing our knickers wherever he goes and secondly, he'll understand what it means to satisfy a woman completely.'' With that statement, she stripped off all her clothes and walked right up to where he was cowering on the bed. I hadn't seen my sister nude since we were teenagers together. Her bust is larger than mine, 44 inches I'd say, and while the rest of her body is slim she still looks capable of crushing the life out of a man.

Next thing I knew, she had straddled him on the bed and got hold of his cock. ''So this is the culprit, is it?'' she said, giving it a few energetic tugs. From where I was standing, I could see moisture trickling out of the tip. My heart was actually jumping with the excitement. I heard her telling him what would happen if he came too quickly. ''In fact,'' she said, ''you'd better go down on me till I'm properly in the mood.'' With that, I was treated to the incredible sight of my husband obediently slipping his tongue inside my own sister's cunt. It was like a dream out of control.

As Debbie moaned and thrashed beneath him, I was beginning to see how my husband had talents that I hadn't even been dimly aware of. His mouth covered her cunt completely now and, judging by the sounds it was making, she was as moist as I was. Her breasts wobbled wildly from side to side, as she worked herself up to the point of her first climax.

All this while, I'd really been too stunned to move. It was Debbie, finally, who took things in hand for me as usual. ''What are you standing there for, Irene? Get those clothes off for a real fucking!'' As I complied with her instructions, dazed and with my legs shaking, I heard her turn round to Ray and say, ''You're going to fuck your wife, Ray, but don't you dare come inside her! Your spunk isn't good enough for either of us. Understand?''

Ray nodded dumbly. I think he was just grateful that his dirty passions had been discovered. He hadn't uttered a word since I'd taken his photograph, and his cock looked fit to burst at the seams. ''You've been enjoying yourself too, haven't you?'' Debbie remarked to me, noticing the huge dark stain at the front of my knickers as I stepped out of them. The truth is that I had, more than I'd ever dreamed of doing.

Then all of a sudden I was lying on the quilt cover, my legs wide open, watching my husband's cock (encouraged by Debbie) slowly disappear up my cunt. I wanted him to ram it right up me hard but my sister was dictating the pace. To do that, she said, would run the risk of him spunking right away. So, kneeling only a foot away from us and still nude, she observed every move we made, correcting any haste on Ray's part. It was wonderful, of course, like nothing I'd ever experienced in nine years of marriage.

Then, before I knew it, I was coming. I lost control of myself utterly, rubbing the nipples of my own breasts, heaving wildly and shouting the crudest things possible. As I collapsed, totally done in by this blissful feeling, I heard Debbie say that Ray had been a good boy and that he'd get his reward.

Opening my eyes to see what it was, I saw her get hold of his cock and begin to wank it slowly with one hand. With the other, she tore my panties off him and stuffed them into his mouth. I don't think he could believe his luck. Those muffled sounds I heard behind his gag were unmistakably those of genuine ecstasy. Meanwhile, Debbie pumped away at him with increasing speed.

I have never in my life seen spunk shooting out of a cock in full flow – until then. To be honest, I'd hardly bothered to look previously. I knew what was going to happen, though, and the knowledge caused me to push several fingers into my cunt, even though I felt drained. When Ray's orgasm finally came, it fairly flew out of the spout. The first jet went clear of the bed and landed in the middle of the carpet. I counted seven more after that, then lastly a dribble that trickled lazily down his stalk, still hard. Seconds after that, I came for the second time in my life.

Needless to say, life has not been the same for us since then. Debbie has moved in permanently, and she bosses both of us around, although mainly Ray, who worships her for it. Since that day he only wears a pair of either Debbie's or my knickers, even to work. He's discovered that he loves housework, particularly anything that involves getting down on his knees. His cock is seldom soft, and he's kept true to the promise of never spunking inside either of us. If he's good, satisfying us both with his cock and tongue, then Debbie or I wank him off. I never get tired of seeing the stuff fly out of him. – *Irene, Redcar*

Holiday Blues

The Wrong Side of the Tracks

My girlfriend and I are regular readers of the *Talking Blue* section of your magazine, and we spend a good deal of time reading the confessions over and over and fingering each other off to mind-blowing climaxes. Reading about other lesbians' stories made us want to see our own in the magazine.

My girlfriend Inge and I met on an inter-railing holiday last summer. I'd just left college and was travelling around Europe before coming back home to start a new job, and Inge was just generally dossing around, working to support herself on her jaunts round the Mediterranean. We eventually met in Turkey, though neither of us really started out with the intention of getting fixed up.

As well as travelling our way round, we were screwing our way round too. When you're inter-railing it's the perfect place for pick-ups, because you just know that everyone else is there looking for a good, carefree time – and that includes lots of sex.

You soon get to know who's into which scene too. It's easy to work out who prefers men, women, or both! Quite often you'll bump into the same crowd in different places on your travels and in fact I'd met Inge briefly a couple of times before we got together.

The first time I saw her was when I was staying with a few travelling acquaintances in a small village just outside Bodrum, in Turkey. She was staying at the same guest house as I was and I bumped into her, literally, on the stairs once as she'd just come out of the

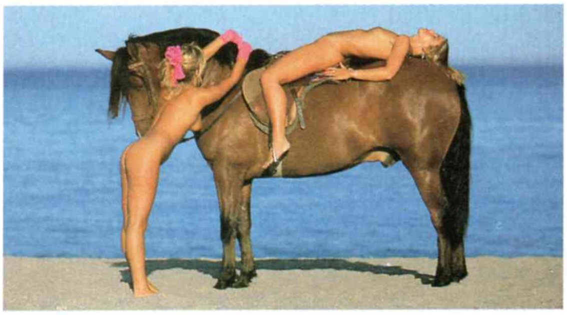
bathroom and I was just going in. As I bumped into her, the towel she had round her body slipped, revealing her pert brown nipples standing proud from her chest. I couldn't take my eyes off them as we stood there on the stairs, sizing each other up. I was almost overcome by a powerful urge to bend down and suck them, first one and then the other. She had obviously noticed me staring at her, because she smiled brashly at me as she went into her room and I went to the bathroom.

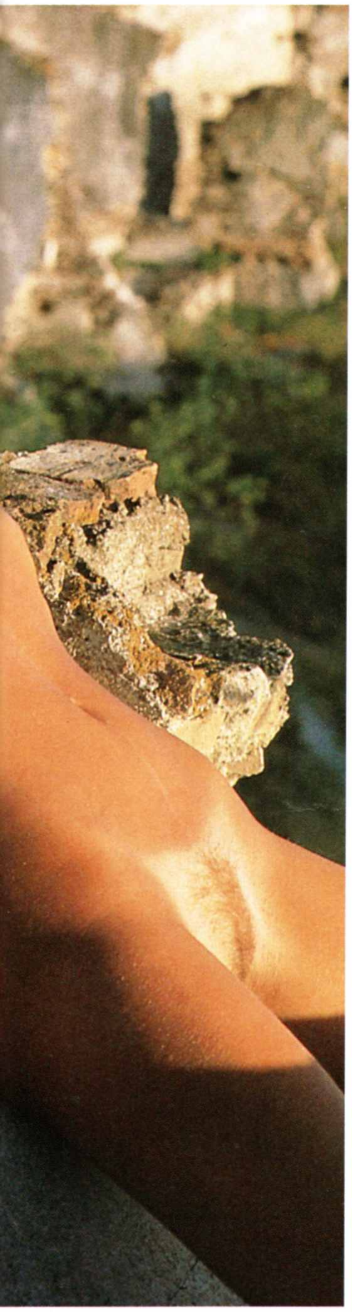
The whole encounter had got my pussy really tingling, and as I relaxed in my bath I couldn't resist slipping a couple of fingers into my aching fanny and pumping them in and out, slowly at first but then increasing the speed until I had several delicious orgasms. I felt I could do with a cold shower after that!

My cunt was still tingling as my friends and I went out that evening, first for a meal then to Bodrum's best known night spot. It's pretty touristy so I half expected to see Inge there – but I didn't expect to come across her in *quite* the way we met.

We'd been dancing for a while and I slipped to the loo to freshen up. The loos were pretty primitive for a night club and as I walked in I saw that the cubicle at the far end of the room wasn't locked though it was obviously occupied. The couple in there weren't bothered about who saw what they were occupied with either! As I stared in disbelief and sheer lust, I watched Inge, her tight white sundress rolled down round her waist, crouching on the floor licking out a dark haired Turkish girl who had removed all her clothes except her red high heeled shoes and was standing with her back to her in the open toilet doorway. She was gripping the door jamb as Inge's tongue roughly caressed her clit, and she worked two fingers in and out of the girl's snatch.

It was one of the horniest sights I'd ever seen, watching a girl I really fancied going down on another equally good looking girl. I was





transfixed and just stood there watching for a good few minutes as Inge brought the Turkish girl to an enormous climax – she had to stifle her cries with her hand! Inge was frigging herself and I watched her hand pumping away down her panties until she came with a sigh and relaxed back.

It was then that she winked at me! I knew that she must have seen me watching her the whole time. I was so embarrassed I rushed out of the loo and made an excuse to my friends about why I was going back to the guest house. But as well as being embarrassed, I was incredibly turned on, and spent most of that night wanking myself almost to a frenzy.

We left the guest house the next day and travelled on to Istanbul, where I met Inge again by an equally lucky chance. I was walking round the market in the old part of the town, just watching the haggling on the stalls and buying a few trinkets for myself. Suddenly I spotted Inge trying on a beautiful embroidered housecoat on a stall close by. She was moulding it to the shape of her body as she looked at herself in the stall's mirror, pressing the material right into her boobs so that her erect nipples clearly showed through. I knew then that she must have seen me.

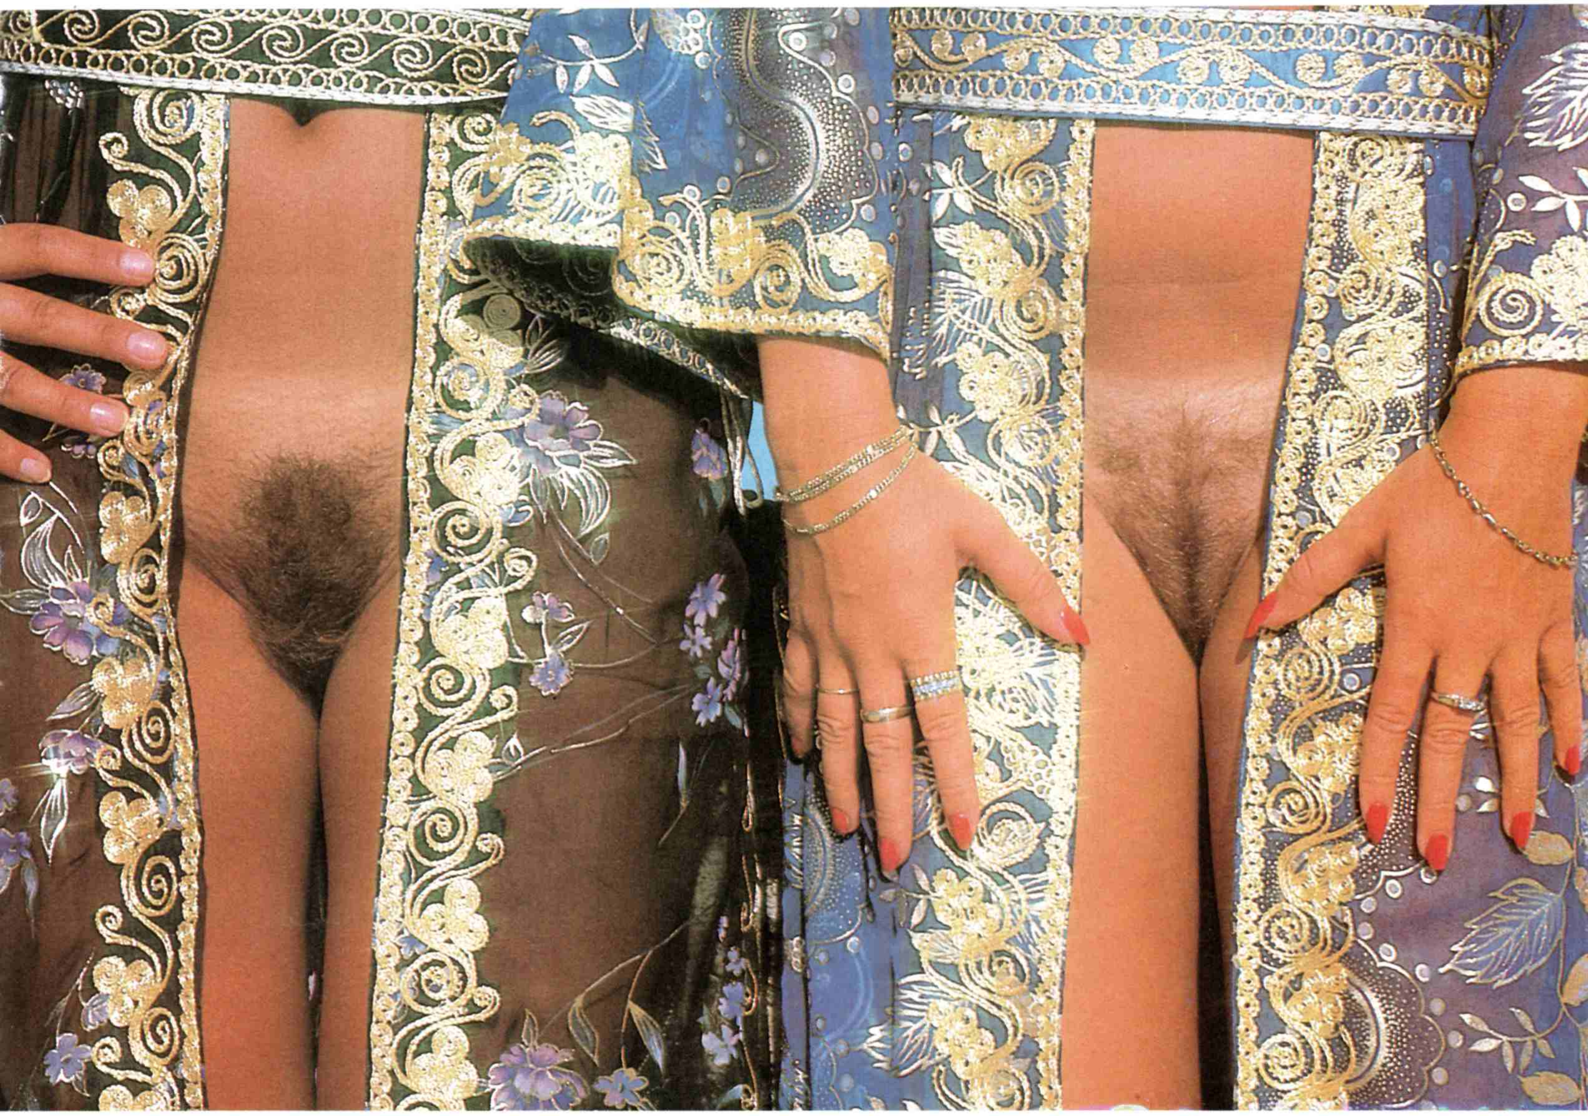
She turned round and beckoned me over, as if we were old friends. "I was hoping we'd meet again," she grinned at me in her halting English. She then turned to the stallholder and bought the housecoat, before saying cheekily to me, "Shall we go then?"

My cunt was tingling like mad as we walked out of the market. Somehow, I still don't know how, we ended up on a bus going away from the town towards the ruins of an ancient village outside the city walls. Inge seemed to know where she was going but I didn't – and I didn't care. All I wanted was to feel her fingers and tongue in my cunt, spreading my juices all round my slit and clitty.

Inge seemed perfectly in control of the situation, and offered no explanations of why she'd just picked me up, or why she'd taken me out to the ruins. As we walked up the hill I gazed randily at her long brown legs, which were revealed by her *very* short white shorts, and the way her boobs swung round under her vest top. I'm surprised she'd got away without being arrested, going about dressed like that in Turkey – because it was obvious she wasn't wearing any panties either.

At the top of the hill we stopped to admire the view, and she caught me by surprise by grabbing me and pulling me to the ground, kissing me really hard and running her hands all over my body. That was it for me; my hands were all over her, and before I knew it we were both topless and fondling each other wildly, not caring that anyone might come along and catch us.

"Your fanny is so wet," Inge panted to me as she slipped her hand up between my legs and pulled my pantie crotch to one side. I couldn't reply as her fingers started stroking all round my love hole so I just opened my legs wider. Her fingertips were making little circles over my pussy, just hovering at the edge of my hole then pulling away again. She was teasing me and I must confess that I



was loving every minute of it. I couldn't believe that I was letting someone who didn't even know my name finger me off – in public too. But that just added to the excitement of it.

"Go down on me," I managed to say. "Get your tongue into my cunt and lick me out!" As soon as I said that Inge was on her knees between my thighs, pulling my soaked panties down to my ankles and getting her head right up to my wet pubes. She parted my swollen, pink lips and I watched and fondled my boobs through my skimpy t-shirt as Inge's practiced tongue drove in and out of my hot fanny. My pussy felt as if it was burning – I'd never been so turned on before, and I lay back on the dusty ground, fondling my boobs until I came with more force than I'd ever known.

As I lay there in the dust I looked up to see Inge hastily pulling off her clothes, not that she was wearing much anyway. Then, as I watched she stood above me, with her legs spread either side of my head, and put on the embroidered silk housecoat she'd bought from the market. She looked gorgeous.

"I thought this would make me feel pretty sexy when I saw it in the market," she told me, rubbing her tits and pussy with the fine material. From my position on the floor I could see her juicy cunt lowering itself on to my face as she slowly knelt astride me.

Her cunt was completely covering my mouth, so what could I do but put my tongue right in there and start bringing her off? I could taste her juices and felt them trickling down my face as I gave her a good licking out. My tongue was literally aching at the end of it; I thought she would never come, but then I felt her shuddering and she ground her pussy right into my face as she crouched above me, groaning that she was coming. Her orgasm seemed to last for ages.

She lifted her sopping pussy from my face then, and we stayed at the ruins for the rest of the day. I'm surprised no one saw us – or if they did, we didn't notice. We were too engrossed in licking, sucking and fucking to care who might be watching. Inge certainly taught me a few things that afternoon, and anyone spying on us would have seen a very good show!

After that, Inge and I drifted into joining forces on our inter-railing tour, which basically meant that we fucked our way round Europe. Inge had lots of contacts in various cities and I must admit to having been screwed by most of them – men, women and groups. Inge would always watch and masturbate when I went with someone else, but she would never have sex with a man in front of me. Not that I was bothered, as I was getting fucked every which way, and having Inge's hot tongue in my cunt every night into the bargain.

Our best fuck came as we were travelling through Greece by train on our way to Athens. We were sharing a compartment, of course, and the motion of the train was sending vibrations right through my pussy. Inge reached forward and covered my mound with her hand. She could feel how hot and sticky I was.

"Let's fuck," she suggested to me. "I've always wanted to do it on a train anyway." I couldn't agree quickly enough, and we didn't even bother pulling off our clothes before hands and mouths were going at cunts. I was licking at the crotch of Inge's panties, tasting the musky juices that were leaking out even before I had time to pull them off. I've never met anyone before who was always as horny as Inge.

"Put that housecoat thing on," I told her. "I always get wet between the legs when I see you wearing that." So she did a slow erotic strip for me, and then put on the robe, rubbing it all over her tits and cunt the way she had that day out at the ruins. That was too much for me; I just grabbed her and pulled her towards me on to the bunk bed in the compartment. I started rubbing at her wet cunt with the housecoat as Inge straddled me, increasing speed to keep up both the motion of the train and the thrusts that Inge's pussy was making on my hand. The material was soon soaked with pussy juice, and the air in the compartment was thick with it. Naturally, after that first orgasm of Inge's we spent the whole night fucking and masturbating.

After that hectic summer, I eventually had to inter-rail myself back home to start work – and Inge came with me. She's been living with me ever since, and my sex life has changed dramatically! I not only fuck her, but I screw many other men and women too, mostly while Inge watches and wanks herself. Perhaps I should write another letter about that! But needless to say, we're planning another inter-railing holiday next summer, and the first thing Inge packs will be that famous embroidered Turkish housecoat. – *Sally, Maidenhead*

Couples Confess

Share and share alike! That's the idea of good group sex. And here in Couples Confess is where you share your dirtiest real life experiences with us.

I am a 27-year-old swinging housewife, who enjoys a very active sex life with my equally highly-sexed husband and our broad-minded friends. Since we read your magazine (and others – sorry!), finding out with pleasure – and sometimes envy – what other couples are up to, Dave and I thought it high time that we let you in on our side of things. We have a motto in our household – if it's worth doing and can be done, then we'll do it!

It was almost five years ago that I thought my world had broken up, and Dave came home to finally admit what I'd suspected all along – that he'd been having an affair with another girl. I was shattered, not only because I loved him, but because I was sure that sex between us had been good ever since we'd met, and I couldn't understand how he needed more than I was giving him.

I told him that I had a good mind to start an affair of my own. It wasn't as if I hadn't had offers. Actually, when I said this, I know I meant to hurt him. However, it had quite the opposite effect on Dave. Immediately, he wanted to know who had propositioned me. ''Cathy's husband, for one,'' I told him. It was then that Dave let me in on a few things. His affair with Cathy had not been a simple fling. She and her husband were part of a swinging couples' club, which regularly met at each other's private houses purely for sex. I was stunned. I'd met most of the people Dave mentioned, and it had never entered my head that they swapped.

Dave explained that Cathy had 'picked him up' not only because she fancied him, but because her husband fancied me! They had seen us at social gatherings and decided that we'd be ideal recruits, a bit of fresh blood, as they say. My anger and hurt had died down by this time, replaced first by incredulity, then the stirrings of lust. I had wondered, when dancing with Larry, what it would be like to be fucked by him, but my loyalty to Dave had prevented me from taking these images too far.

Two days later, Dave came in from work to tell me that we'd been invited to a party at Larry and Cathy's. I was both turned on and frightened at the same time, but had the presence of mind to accept on the spot. Dave suggested that we choose what the other would wear to the party. I selected a tight t-shirt for him, plus a pair of figure-hugging jeans that almost graphically showed the size of his cock. As for me, I was given an equally tight white blouse, with red underwear, fishnet stockings and a mini skirt that only just fell below the tops of my thighs. Dressed, we certainly looked like a couple of people who were including sex on the evening's agenda.

It was quite ordinary to begin with, people standing around (admittedly, dressed *very* revealingly), eating snacks, dancing and talking, but all of a sudden, Larry (who'd greeted me at the door with a cheeky squeeze of my arse) announced the first game. I'm sure you've heard of it before. It's called Hunt the Cunt, and can be played a number of ways. That night, the girls had to stand in a line as one man after another, blindfolded, had to feel his way along the line inside each pair of knickers. To avoid penalties he must identify his wife, or guess at least one person correctly.

A guy called Simon was first. On his knees, he went from one of us to the other. I noticed that he really took his time with each of us. When he came to me, I felt his fingers slide past my knickers, tracing a line right around my bush, trying to guess its size, I suppose. When his forefinger delved into my crack, thoroughly wet by now, I let out a little moan. I couldn't help myself. ''That's definitely not my wife,'' Simon said. ''She's the silent type.'' Everyone laughed, and I blushed.

Soon it was my turn, blindfolded, to feel the pricks. It's far more difficult than it sounds. I know we're

ELIZABETH

Photographs by Nick Bell

Some girls are winter girls. The sort whose erect nipples are always pointing at you. And there are some that are definitely summer girls. Elizabeth is a fine example of the latter. ''As soon as the sun's out I rush into the garden and strip off. I've spent my best summers on my back!'' We bet you have, but what's

the attraction? ''Sunbathing gives me a chance to relax and discover my body. I've found out so much about what gives me pleasure.'' A good look at Elizabeth's sun-kissed bottom gave *us* a great deal of pleasure, too.

''It's strange,'' she giggles, ''but whenever I begin to rub lotion into my boobs my hands always end up between my legs.'' Very strange! ♣

JILL

Photographs by Penny Burton

We came across Jill rolling in the meadow with a couple of farm hands. The country's obviously a great place for a randy young girl to learn about nature: the fresh air has brought a healthy flush to Jill's cheeks and a ripeness to her tits that you don't see on all these townies. ''The best thing about living

in the country is I can sneak off into the long grass and rub myself up in the open. If anyone comes along I let them join in if they want.''
Showing her hospitality, Jill took us to the barn for a quick roll in

MagDownload.org

the hay. She didn't waste any time in revealing her rustic charms and golden pussy. "As soon as I was naked I ran my fingers along my slit and slipped a couple inside. It reminded me of when I lost my virginity here to a young shepherd. I was still finding bits of straw in my panties for ages after!" ♣

WOT A BOT WE GOT!

Now this wee girlie may seem rather tempting to you. In fact, she's flabbawabbagorgeoulous. But here, you can only see one shot of her *incredible* bottom. That's because we are, as we speak, gently teasing her large, firm, muscular young bum cheeks into place in the next issue. Buy it, and you can gently tease them out again. Believe us, they're worth it.

VOLUME 18 NUMBER 6 – ON SALE MAY 25

LICK 'EM, STROKE 'EM, CHEW 'EM

continued from page 71

all supposed to be differently built and all that, but at first, each cock I felt I was convinced was Dave's, except for the circumcized ones. It was wonderful, however. Some of the pricks were semi-soft until I got my hands on them, and I'd feel a sense of power inside me as they hardened under my touch. Finally, I came to one that I was convinced was Dave's. I declared it, only to have the blindfold removed and discover that I'd chosen Larry!

My forfeit was, of course, to be fucked by Larry there and then, in front of the whole group, about twenty people. My feelings were violently torn between the arousal I had experienced sampling all those cocks (and having myself felt too) and what I'd simply call stage fright. However, Larry soon evaporated the latter by coming straight up to me, grabbing my bum cheeks in one hand and pulling my body towards his, whispering, ''I've been waiting for this, you little cock-teaser!''

Scarcely had I taken in this remark, when I felt the zip on my skirt being pulled down, the skirt with it, and my knickers too. Expertly, Larry undid the buttons on my blouse and unclipped my bra. Apart from stockings and suspender-belt, I was naked. He made me stand there, being appraised by all the male and female eyes in that room, while he took off his clothes.

At last he was ready, his lovely long cock pointing right at me. But if I thought he'd simply sweep me off my feet and start fucking, I was wrong. Instead, to the delight of the crowd, he forced me to keep standing while his hands roamed freely around my body, squeezing my tits, wetting each nipple with his mouth, parting my legs with his hand so that he could have a lengthy grope. No one else there, including Dave, was doing anything else but staring at what Larry did to me.

When he finally located my clit, he began rubbing it hard. It was ecstasy, and yet I was worried about keeping my balance. All of a sudden, something snapped inside me and I flooded. My legs were saturated in my own juices. I couldn't stand it any longer so, taking hold of Larry's tool, I quickly inserted it inside my cunt and jumped on him, arms round his neck, legs round his waist.

It was one of the most delicious fucks I've ever had. I'd never done it standing up before and the overwhelming emotions I was coping with, being stared at so hungrily, watched being fucked by my own husband, brought me to the brink of another shattering climax in only a few minutes. Such was my passion, in fact, that I threw all caution to the wind, breaking off from Larry, lying down with my legs as wide apart as I could get them and yelling at him to fuck me even harder.

After a few minutes, I'd come again and I decided I wanted Larry's spunk in my mouth, not my cunt. Disengaging, I groped for his cock, feeling along the hard stalk till I arrived at the tip, pulling back the foreskin and licking the spout gently with the tip of my tongue. Now this really got to him. My lips slid over the helmet and down towards his balls. I began a steady rhythm from tip to stem, revelling in the salty pre-come he was secreting in his excitement.

Suddenly, spunk filled my mouth in sharp, hot jets. It was fantastic. Larry's cock kept jerking spontaneously with the force of each spurt, and I managed to swallow every drop.

As a newly initiated member, I was then given what they call 'the proper ceremony', which for Dave involved being led into a room with all the girls to do what they wanted with him, and for me involved the same with all the men. It was one of the high points of my life, being in a room with nine men, their cocks all burning with lust for me! Frankly I'd lost all inhibitions by this time, and couldn't wait to get in there and at them.

That happened nearly five years ago, and I certainly couldn't fit what has happened since into one letter, otherwise you'd never have space to print it. When I think about it, it's a wonder Dave and me have time to do anything else. We don't have affairs any more, we simply share each other with like-minded people, and it's incredible. – *Julia, Peterlee*
